#### **FY2022 DATA BOOK**

#### Introduction

The Illinois Student Assistance Commission (ISAC) Data Book is completed annually by the Research, Planning, and Policy Analysis Department. It is a collection of tables containing information regarding student financial aid programs administered by ISAC and is divided into five sections. Part One provides information pertaining to the appropriation history of the agency and summary data for ISAC-administered programs for the previous fiscal year. Part Two focuses on the Monetary Award Program (MAP), the State's largest need-based grant program. Part Three focuses on specialized scholarship and grant programs administered by ISAC. These programs include: the Illinois Veteran Grant Program, the Minority Teachers of Illinois Scholarship Program, the Illinois National Guard Grant Program, the Dependents' Grant Programs, the Student-to-Student Grant Program, the Illinois State Scholar Program, the Illinois Special Education Teacher Tuition Waiver Program, the Illinois Teachers Loan Repayment Program, the Golden Apple Scholars of Illinois Program, the Illinois Optometric Education Scholarship Program, the Nurse Educator Loan Repayment Program, Veterans' Home Medical Providers' Loan Repayment Program, and the John R. Justice Student Loan Repayment Program. Part Four provides information on the College Illinois! Prepaid Tuition Program. Part Five provides an overview of ISAC's statewide outreach activities. Part Six provides data on the Aspirational Institutional Match Helping Illinois Grow Higher Education (AIM HIGH) Grant Pilot Program.

Each year the Illinois Student Assistance Commission receives a State appropriation with authority to expend funds from State and federal sources, including the Federal Student Loan Fund (FSLF). In FY2022, ISAC's State appropriation totaled \$1.091 billion. This appropriation included \$794.5 million in State funds, authority to spend \$276.0 million in federal student loan funds, and authority to spend \$21.1 million in federal program funds. The dollars appropriated from these funds are used by ISAC to provide financial aid for students. Table 1.0 shows ISAC's appropriation history by program from FY1996 through FY2022. Table 1.1 shows a summary of program expenditures, and recipients for State fiscal year 2022 (July 1, 2021 to June 30, 2022).

Students may participate in more than one program, therefore, recipient totals across programs do not represent total unduplicated students served.

<sup>1</sup> The IVG and ING Programs were not funded. Number of recipients reflect student beneficiaries of waived tuition and fee charges at institutions.

<sup>2</sup> Recipients are estimated assuming a \$250 average award.

<sup>3</sup> Expenditures, recipients, and average award are State funds only excluding institutonal matching.

The Monetary Award Program (MAP) provides grants to students to help pay for tuition and mandatory fees at Illinois colleges and universities and certain degree-granting institutions. Illinois is one of the largest providers of state need-based aid in the nation. To receive a MAP grant, a student must demonstrate financial need, be enrolled as an undergraduate for at least three credit hours per term at an ISAC-approved Illinois institution, be a resident of Illinois, and meet several other requirements. The maximum award level is set by statute and represents the highest award level that can be used in the MAP formula. The maximum award actually used in the formula has historically been dependent on available funding and application volume. Students apply using the Free Application for Federal Student Aid (FAFSA) or the Alternative Application for Illinois Financial Aid. In FY2022, 238,939 students were eligible to receive MAP grants. All of these eligible students, regardless of application date, were offered an award, however, only 145,626 (about 61 percent) enrolled and claimed their awards. There were 93,313 eligible students who either did not enroll in a MAP school, enrolled in a MAP school (not their first-choice school) where they were no longer eligible, or simply did not enroll at all.

The tables in this section provide a variety of Monetary Award Program data. The Monetary Award Program Award and Payout Summary (Table 2.0a), MAP Application Volume History (Figure 1.0), 2022 Monetary Award Program formula (Table 2.0b), History of the Monetary Award Program maximum award (Table 2.0c), Monetary Award Program Suspension History (Table 2.0d), Monetary Award Program Applications by Application Date (Figure 2.0), and the Monetary Award Program Formula Changes (Table 2.0e), provide historical and/or summary data. Information by sector can be found in Tables 2.1-2.3a and Figure 3.0. Information by institution, including information on institutional tuition and fee charges, is in Tables 2.3b-2.3e. Table 2.4a-2.4e present data by income and dependency status. Tables 2.5a-2.6f include information by class level, age, and enrollment status, application volume and present the characteristics of eligible and paid MAP applicants.

<sup>&</sup>lt;sup>1</sup> In FY2015, MAP was appropriated \$373.3 million; 2% was set aside for admin; total was cut by 2.25% leaving \$357.6 million for MAP.

Note: MAP historical suspense data can be found in Table 2.0d.

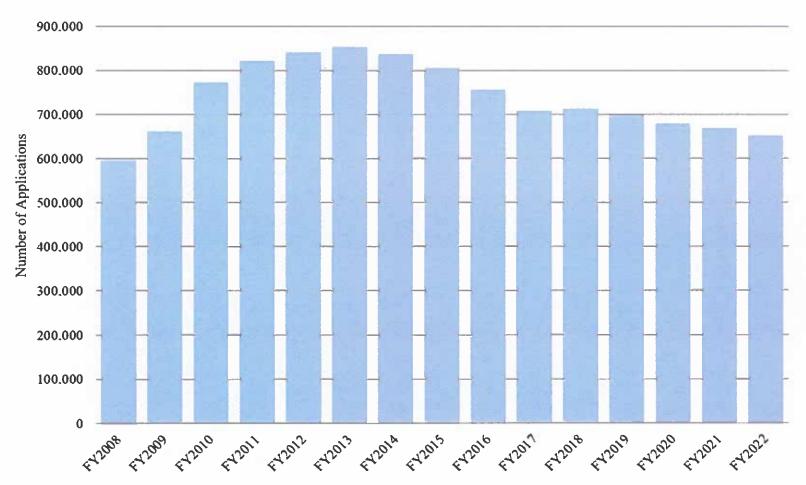

<sup>&</sup>lt;sup>2</sup> In FY2016, MAP received an additional \$151.0 million FY17 appropriation which could be used for FY16 expenses.

<sup>&</sup>lt;sup>3</sup> In FY2017, the MAP appropriation was not received until July 2017. A late release of suspended awards was not enough to spend the amount.

<sup>&</sup>lt;sup>4</sup> In FY2018, FAFSA filing began 3 months earlier, on Oct 1, 2016 instead of Jan 1, 2017. Extra filing time likely contributed to the increase in applications.

<sup>&</sup>lt;sup>5</sup> In FY2020, MAP received an additional \$50 million in appropriation.

# Table 2.0b of the 2022 ISAC Data Book FY2022 Monetary Award Program Formula

#### **FY2022 MAP Formula**

#### Budget

- 1. Use AY2009-10 reported tuition and fees at all institutions, assessed at 100 percent at all institutions.
- 2. Use one living allowance for all applicants, set to \$5,020.

#### Resources

- 1. Use 80 percent of Pell Grant eligibility as determined by the 2009-2010 Pell Grant Payment Schedule, with a \$5,350 maximum.
- 2. Calculate the ISAC adjusted EFC by inflating the Federal EFC.

Adjusted Dependent Students' Parent Contribution:

Adjustment Factor = [Parent Contribution (PC)/11,000 + 1.10] rounded to 2 decimal places

Adjusted PC = PC x Adjustment Factor

Adjusted EFC = Adjusted PC + highest of Student Contribution or self-help expectation

Adjusted Independent Student Contribution:

Adjustment Factor = [EFC/11,000 + 1.10] rounded to 2 decimal places

Adjusted EFC = EFC x Adjustment Factor or self-help expectation

3. Use a minimum self-help expectation of \$1,800 for all students.

#### **Award Amounts**

- 1. Set the maximum award equal to the lesser of \$5,496 or the tuition and mandatory fees specified in the budget. Set the minimum award to \$300, and round maximum eligibility in \$150 increments to calculate partial awards.
- 2. Provide no award for applicants who have an EFC equal to or greater than \$9,000.
- 3. If determined necessary after first-term claims are received, either release some suspended applications to spend as much of the appropriation without exceeding it OR reduce second-and third-term awards to stay within the appropriation.
- 4. Students who have used 135 or more MAP paid credit hours are not eligible.

  The 75 MPCH cap was eliminated by the RISE Act, effective January 1, 2020.

Characteristics of Paid Dependent/Independent Combined MAP Recipients FY2022

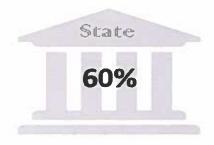

Two-thirds of MAP recipients are women.

Three quarters of MAP recipients are from Chicago or the collar counties

A majority of MAP recipients attend a public university or a public community college

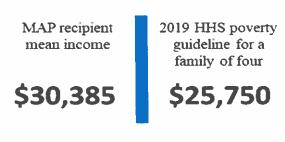

More than half of MAP recipients have no resources for college.

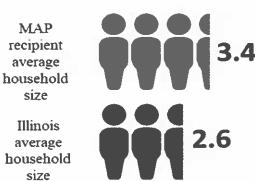

55 percent have a federal Expected Family Contribution (the amount they can be expected to pay toward college) of zero.

MAP recipients are from low-income households.

AY2021-22 MAP eligibility is determined on CY2019 income

MAP recipients come from larger sized households on average.

ISAC administers numerous scholarship and grant programs, and one tuition waiver program. The State Scholar Program, an honorary program, recognizes academic achievement of high school seniors. Eligibility for the Student-to-Student Grant Program and the Higher Education License Plate Grant Program is based on financial need. The remaining programs are financial assistance programs or loan repayment programs for students who meet special requirements.

Illinois Veteran Grant Program: The Illinois Veteran Grant (IVG) Program pays for eligible tuition and mandatory fees at Illinois public universities and community colleges for qualified Illinois veterans or military service members with at least one year of active duty in the U.S. Armed Forces and who served honorably. Any member of the Illinois National Guard or a Reserve component of the U.S. Armed Forces who meets the eligibility requirements is considered a qualified applicant for the program. This grant is available for the equivalent of four academic years of full-time enrollment for undergraduate and graduate study. Veterans must have been residents of Illinois six months prior to entering the service, and must have returned to Illinois to reside, within six months of leaving the service. Recipients are required to enroll for a minimum number of credit hours each term. This grant is an entitlement program and is awarded to eligible applicants regardless of the funding level. In FY2022, State funds were not appropriated to ISAC for the IVG Program. Table 3.0c provides data by institution for this program.

Illinois National Guard Grant Program: The Illinois National Guard Grant Program pays tuition and certain fees for enlisted members and officers of the Illinois National Guard to attend public two or four-year institutions for undergraduate or graduate study. Beginning with the 2014-15 academic year, new program rules have been implemented. Members who have completed less than ten years of active duty can use the grant for a maximum of *four* academic years of full-time enrollment. Once ten years or more of active duty ING service has been completed, the grant can be used for a maximum of *six* academic years of full-time enrollment. The six-year maximum eligibility is cumulative, and includes benefits received when members had less than ten years of service. *In FY2022, State funds were not appropriated to ISAC for the ING Program.* Table 3.0c provides data by institution for this program.

<u>Dependents' Grant Programs</u>: The Grant Program for Dependents of Police or Fire Officers and the Grant Program for Dependents of Correctional Officers pay the tuition and mandatory fees without regard to financial need at any MAP-approved school for the spouse and children of police officers, fire officers, and correctional workers who were killed or permanently disabled in the line of duty. The grant may be used for an equivalent of 8 semesters or 12 quarters of undergraduate or graduate enrollment. Grants are funded by appropriation from the Illinois General Assembly and are applicable toward tuition and mandatory fees. Table 3.0d shows data for this program.

Higher Education License Plate Program: The Higher Education License Plate Program provides grants to students who attend Illinois colleges for which the special collegiate license plates are available. The Illinois Secretary of State issues the license plates and \$25 per each set of plates sold is used for grants for undergraduate students attending these colleges. Program grants may be used only for tuition and mandatory fees for two semesters or three quarters in an academic year. The number of grants and individual dollar amounts awarded are subject to sufficient annual appropriations by the Illinois General Assembly and the governor. Table 3.2 provides historical data on this program.

Illinois Optometric Education Scholarship Program: The Optometric Education Scholarship Program provides scholarship assistance to encourage eligible students to pursue a graduate degree in optometry. The recipient must practice in Illinois as a licensed optometrist for a period of not less than one year for each year of scholarship assistance received. The recipient must also begin practicing optometry in Illinois within one year following completion of the academic program for which he or she was awarded the scholarship and practice on a continuous basis until the obligation is fully completed. If the requirement to practice optometry in Illinois is not fulfilled, the scholarship converts to a loan and the recipient must repay the entire amount of the scholarship prorated to the fraction of the obligation not completed, plus interest at a rate of 5 percent. Table 3.3 provides program data.

<u>Veterans' Home Medical Providers' Loan Repayment Program</u>: The Veterans' Home Nurse Repayment Program provides for the payment of eligible educational loans as an incentive for nurses to pursue and continue their careers at Illinois veterans' homes. The annual award to qualified registered professional nurses and licensed practical nurses may be up to \$5,000 to repay their student loan debt. This award may be received for up to a maximum of four years. Recipients must be a U.S. citizen or eligible non-citizen, an Illinois resident, and meet licensing requirements. They must have completed the prescribed employment probationary period and be employed in good standing. For each year during which an award is received, the recipient must fulfill a separate 12 month period as a registered professional nurse or licensed practical nurse in an approved Illinois veterans' home. Table 3.4 provides data for this program.

John R. Justice Student Loan Repayment Program: This federally-funded program through the U. S. Department of Justice, is administered by the Illinois Student Assistance Commission and is used to help prosecutor and public defender offices retain and attract talented attorneys by providing student loan (both Federal Family Education Loan Program [FFELP] and Federal Direct Loans) repayment assistance to state and federal public defenders and state prosecutors who agree to remain in their positions for at least three years. The annual awards to qualified federal public defenders and state prosecutors may be up to \$4,000, with an aggregate total of up to \$60,000, to repay their student loan debt. The number of awards made through this program, as well as the individual dollar amount awarded, are subject to sufficient annual appropriations by the federal government. Recipients must be a U.S. citizen or eligible non-citizen, an Illinois resident, and meet additional program criteria. If the employment commitment is not fulfilled, any amount received must be repaid. Table 3.5 provides summary data on this program.

Grant Program for Exonerees: The Grant Program for Exonerees provides grants for up to the cost of tuition and fees to persons who have been issued a pardon by the Governor of the State of Illinois on the grounds of innocence of the crime for which they had been imprisoned or who have received a certificate of innocence from a circuit court. The program may be used to meet the costs of postsecondary enrollment at an Illinois public college or community college or for the cost of obtaining a high school equivalency certificate from an Illinois Community College Board-approved provider. Qualified applicants may receive Grant Program for Exonerees benefits for the equivalent of four regular school years (eight semesters) of full-time enrollment. Table 3.6 provides summary data on this program

Minority Teachers of Illinois Scholarship Program: The Minority Teachers of Illinois (MTI) Scholarship Program provides scholarships of up to \$5,000 per year for up to four years to assist academically talented individuals of African American/Black, Hispanic American, Asian American, or Native American origin who plan to become teachers. Scholarships are available for undergraduate or graduate students enrolled at least half time. Students receiving this scholarship must fulfill a teaching commitment by teaching one year for each year of assistance at a nonprofit Illinois public, private, or parochial preschool, elementary or secondary school with at least 30 percent minority enrollment. If the teaching commitment is not fulfilled, the scholarship converts to a 5% interest rate loan and the student must repay a pro-rated amount plus interest. Table 3.0d provides data for this program.

Golden Apple Scholars of Illinois Program: The Golden Apple Scholars of Illinois Program recruits and prepares bright and talented high school graduates who represent a rich ethnic diversity for successful teaching careers in high-need schools throughout Illinois and provides scholarships to students pursuing teaching degrees. Illinois high school students must be named as a Golden Scholar by the Golden Apple Foundation. Students must be enrolled in a four-year institution designated as a participating college by the Foundation. Scholars receive financial assistance for four years in exchange for a commitment to teach for five years in an Illinois school of need. The required five year commitment must start within two years after completion of the degree or certificate program. Table 3.0d provides data for this program.

Early Childhood Access Consortium for Equity (ECACE) Scholarship Program: The federally-funded ECACE program is intended to address the shortage of qualified early childhood educators by encouraging the pursuit of credentials and advancement of already-held degrees in early childhood education. Awards are available for undergraduate study at public and non-profit private 2- and 4-year Gateways-entitled and Early Childhood Access Consortium for Equity member institutions. For students attending community colleges and public universities, the scholarship will cover the applicant's total cost of attendance for an academic year (including summer) after other financial aid received while students at participating non-profit private institutions may receive an amount no more than the cost of the most expensive program of study in the early childhood care and education field at an Illinois public college. Recipients of the scholarship are expected to continue or return to teaching or direct services in the early childhood care and education field in Illinois after they complete their program of study.

Illinois Teachers Loan Repayment Program: This program helps teachers who have served in low-income schools repay their student loans. Through the Illinois Teacher Loan Repayment Program, teachers who qualify for the federal Stafford Loan Cancellation for Teachers Program by teaching in an Illinois low-income school for 5 consecutive years can receive an additional matching grant up to \$5,000 to repay their student loan debt. Table 3.7 contains data on the program.

Illinois Special Education Tuition Waiver Program: The Illinois Special Education Teacher Tuition Waiver Program encourages current teachers and academically talented students to pursue careers in any area of special education as public, private, or parochial preschool, elementary or secondary school teachers in Illinois. Recipients must be seeking initial certification in any area of special education as undergraduate or graduate students. For non-teachers, students must be ranked in the upper half of their Illinois high school graduating class. Recipients are exempt from paying tuition and fees at an eligible institution for up to four calendar years. Recipients must fulfill a teaching requirement or repay funds received plus interest. Table 3.8 provides historical recipient data on the waiver program.

Nurse Educator Loan Repayment Program: In an effort to address the shortage of nurses and the lack of instructors to staff courses teaching nursing in Illinois, the Nurse Educator Loan Repayment Program encourages longevity and career change opportunities. The program is intended to pay eligible loans to add an incentive to nurse educators in maintaining their teaching careers within Illinois. The annual awards to qualified nurse educators may be up to \$5,000 to repay their student loan debt, and may be received for up to a maximum of four years. Recipients must be a U.S. citizen or eligible non-citizen, an Illinois resident, meet licensing requirements, and work as a nurse instructor in an approved Illinois institution for at least 12 consecutive months prior to the date of application. Table 3.9 provides data for this program.

State Scholar Program: Each year ISAC selects approximately ten percent of the high school graduates in Illinois to be State Scholars. These high school seniors are chosen based on ACT or SAT scores, the third semester prior to graduation class rank, class size, and unweighted Grade Point Average (GPA). The State Scholar program is a recognition-only program. Table 3.1 gives historical data on this program.

The primary goal of ISAC's outreach efforts is to help families navigate the steps of the college admission and financial aid processes. Staff offers or participates in a number of college fairs, financial aid nights, financial literacy events, and student financial aid application completion workshops throughout the State of Illinois.

ISAC's outreach efforts also include personal one-on-one contact with students to help guide them in their efforts to attend college after high school. In 2009, the Illinois Student Assistance Commission introduced the College Illinois! Corps. In FY2011, the name was changed to the ISACorps. Corps members, who are recent college graduates, are placed in communities throughout Illinois to help high school students navigate the process of applying to and entering college. Corps members also assist in the completion of FAFSAs and help parents and students in preparing for college. Table 5.0 provides a summary of ISAC's outreach activities, and Table 5.1 summarizes the Outreach FAFSA Completion Initiative for FY2018-FY2022.

The Aspirational Institutional Match Helping Illinois Grow Higher Education (AIM HIGH) Grant Pilot Program was designed to help achieve several State goals, including increasing overall Illinois college student retention, improving Illinois college affordability and reducing student loan debt, and slowing student outmigration, as well as enhancing enrollment (and revenue) at Illinois public universities. Beginning with the 2019-20 academic year, AIM HIGH provides merit-based, means-tested student financial aid to first-time, full-time undergraduate students (including transfer students) attending any of the 12 Illinois public four-year universities.

AIM HIGH contains several statutory components which make this pilot unique among State financial aid programs, including institutional flexibility to customize programs and determine criteria for AIM HIGH recipients within broad guidelines established in law. Institutions are also required to guarantee renewability and predictability for recipients, as well as match AIM HIGH State funds expended each year with new non-loan financial aid above institutional aid distributed in academic year 2017-18. The new State matching funds are meant to supplement and not supplant existing commitments to financial aid.
