

ISAC's Alternative Application for Illinois Financial Aid

ILASFAA Virtual
Fall Workshop

December 6, 2023

A Review of the Retention of Illinois Students & Equity (RISE) Act

- Public Act 101-0021 went into effect January 1, 2020
 - www.ilga.gov/legislation/publicacts/fulltext.asp?Name=101-0021
- Allows eligible undocumented students who are disqualified from federal financial aid to apply for all forms of state financial aid
 - Includes any student aid or benefit funded or administered by:
 - the state
 - a state agency, or
 - any public institution of higher learning
 - Includes, but not limited to:
 - Scholarships
 - Grants
 - Awards
 - Stipends
 - Free room and board
 - Tuition waivers, or
 - Other financial or in-kind assistance
- Does not exempt students from having to meet general eligibility criteria for ISAC programs as well as criteria specific to each individual program

RISE Act Provisions

- Undocumented students may be eligible to apply for ISAC programs if they meet all of these criteria (which are based on Illinois statute regarding in-state tuition eligibility):
 - the individual resided with his or her parent or guardian while attending an Illinois public or private high school;
 - the individual graduated from a public or private high school or received the equivalent of a high school diploma in Illinois;
 - the individual attended school in Illinois for at least 3 years as of the date the individual graduated from high school or received the equivalent of a high school diploma;
 - the individual provides an affidavit stating that the individual will file an application to become a permanent resident of the United States at the earliest opportunity the individual is eligible to do so; and
 - the individual has not established a residence outside of Illinois.

Overview of the Alternative Application

- To accommodate RISE Act-eligible students, ISAC created an Illinois-specific online application for the need-based Monetary Award Program (MAP) grant
- It is patterned after the FAFSA and is known as the Alternative Application for Illinois Financial Aid
- There are seven sections to the online application
 - Sections 1, 2, 3, 5 and 6 are about the student
 - Section 4 is about the parent
 - Section 7 is for signatures and certification
- Students should answer all questions as accurately as possible
 - Some fields are optional, but most are required
 - Messaging will be presented for required fields if they are left blank
 - A “Save” button allows applicants to save their data and return to finish at a later time

What to Expect for 2024-25

- The 2024-25 Alternative Application will:
 - Launch when the 2024-25 FAFSA becomes available
 - Continue to be modeled after the FAFSA and collect much of the same data, with a few important differences
 - Calculate a Student Aid Index (SAI)
 - Continue to be available in Spanish
 - Will provide a more user-friendly process for accessing the Spanish application screens

What to Expect in 2024-25

- The format and layout of the application will remain the same
- Questions will not always follow the same order as they appear on the FAFSA (paper or online)
- Whenever possible, we have eliminated questions to simplify the application
 - All questions that may appear on the FAFSA will not necessarily be on the 2024-25 Alternative Application
 - However, the application will continue to collect all data elements required to calculate an SAI in the same manner that the FAFSA form does
- The application will continue to have seven sections

What to Expect in 2024-25

- Nothing is changing with the:
 - Pre-screening or log-in process
 - Eligibility criteria
 - Signature process
- Help text will continue to be provided
- Financial aid administrators will continue to have the ability to make corrections and/or professional judgment adjustments in the MAP system in GAP Access

Alternative Application – Section 1

- Collects student demographic information
 - New name field: suffix (e.g. Jr. or III)
 - Wording of questions and answer options will be edited to match FAFSA changes
 - College grade level
 - Question about pursuing teacher certification
 - Parents' education status
 - Removing the driver's license questions
 - Student gender, race and ethnicity questions will not be included

Application Process for MAP

The following describes in general terms the steps of application completion and the process used to determine MAP eligibility.

- The Alternative Application is accessible online through the area to the right.
- Pre-screening questions at the beginning of the application help students determine which application (Alternative Application vs. FAFSA) should be completed.
- If an applicant's answers to the pre-screening questions show the Alternative Application should **not** be completed, a message will advise them to consult their high school counselor, a financial aid professional, or an ISACorps member for assistance in completing the FAFSA.
- Similar to the FAFSA, students will only complete the application questions that are relevant to them.
- An "expected family contribution" (EFC) will be calculated from the information submitted on the Alternative Application, which will be used in determining a student's eligibility for MAP.
- MAP award amounts will be calculated for eligible students and provided to colleges by ISAC.
- As with all MAP awards, eligibility notification will be provided to the student by the college, not ISAC.

Alternative Application - Corrections

- Any of the data elements, except the ISAC-assigned ID number, can be corrected or updated by the student
- In general, a student should not update information that was correct as of the date it was initially signed and submitted
 - Like the FAFSA, it's considered to be a “snapshot” of the family's financial situation as of that date
- All corrections will require the student to re-sign the application
- If changes are made to parent data, the parent will need to re-sign the app as well
 - Parent will need the student's ISAC ID number and the parent PIN to log in
- Each time a correction or update is made, a new transaction will be generated

Completing the Alternative Application for Illinois Financial Aid User Guide

The Retention of Illinois Students & Equity (RISE) Act, which went into effect on January 1, 2020, allows undocumented students who are ineligible for federal financial aid to apply for state financial aid if they meet certain eligibility criteria.

The Alternative Application for Illinois Financial Aid provides a pathway for students who meet the provisions of the RISE Act to apply for the Monetary Award Program.

The Alternative Application collects much of the same data as the Free Application for Federal Student Aid (FAFSA®), but is administered by the Illinois Student Assistance Commission.

The Alternative Application Process

- Complete Pre-Screening Questions**
 - Questions will be presented to help determine if you are eligible to complete this application or if you should complete the FAFSA®.
 - You will be provided with guidance on which application to complete after answering the pre-screening questions.
 - Data collected in the pre-screening questions will be retained by ISAC and will not be shared with colleges.
- Create Student Profile**
 - If the pre-screening questions determine that you should proceed with this application, then you will be prompted to create an ISAC Student Profile.
 - An e-mail address, password and challenge question/answer will be required.
 - After creating your profile, an ISAC Identification (ID) Number will be assigned to you.
- Provide Student and Parent Data**
 - There are seven sections in the application which collect demographic and financial information about the applicant and about the parent(s) for dependent students.
 - Separate e-mail addresses are required for the applicant and the parent so a Personal Identification Number (PIN) can be sent to them to electronically sign the application.
 - For the 2023-24 award year application, both the student and parent(s) should provide 2021 tax and/or income information.
- Review, Sign, and Submit**
 - E-mail messages will be sent to the addresses provided in the application and each will contain the PIN number the student and parent will need to sign the application.
 - Student applicants will be presented with an Eligibility and Certification/Affidavit statement which should be carefully reviewed, and if in agreement, applicants can proceed and provide their electronic signature (PIN).
 - Once all required data and signatures have been provided, the application can be submitted to ISAC electronically.

Alternative Application for Illinois Financial Aid FAQs

(last updated October 3, 2022)

Click on a question (below) to access the corresponding answer.

Q. Who should complete the Alternative Application for Illinois Financial Aid?

A. This application is only for students who are not eligible for federal student financial aid, including qualified undocumented students. Most students will still complete the Free Application for Federal Student Aid (FAFSA®) to apply for financial aid. If you are not sure whether you should complete this Alternative Application or the FAFSA, the pre-screening questions at the beginning of the Alternative Application will help you to determine which application you should file. We also encourage you to talk with your school counselor or the financial aid office at your college or university to learn which application to file.

Q. What kinds of financial aid can I receive by completing the Alternative Application for Illinois Financial Aid?

Q. If I am eligible to complete and submit the Alternative Application for Illinois Financial Aid, does that mean I am guaranteed to get a MAP grant?

Q. The criteria to complete the Alternative Application for Illinois Financial Aid says that I had to have graduated from high school to be eligible to complete it, so if I'm currently a senior in high school, does that mean I have to wait until after I actually graduate to complete the application?

Q. Are international students or students whose parents are in the U.S. on a work visa eligible to complete the Alternative Application for Illinois Financial Aid and apply for MAP?

DO NOT MAIL THIS WORKSHEET

This worksheet provides a preview of the questions you will be asked while completing the online Alternative Application for Illinois Financial Aid (Alternative Application), available at www.isac.org. This worksheet does not include all Alternative Application questions and is only intended as a resource to help you prepare to complete the application and assist with gathering all the documents you will need to complete the application online. **This worksheet should not be mailed to ISAC.**

The Alternative Application is intended for students who meet specific eligibility criteria in the retention of Illinois Students & Equity (RISE) Act, providing a pathway for undocumented students who are ineligible for federal financial aid to apply for the Illinois Monetary Award Program (MAP) grant. The full application, along with more information about the RISE Act and application instructions can be found at www.isac.org.

Before beginning the online application process, you will be presented with pre-screening questions to help determine if you are eligible to complete the Alternative Application or if you should complete the Free Application for Federal Student Aid (FAFSA®). Data collected in the pre-screening questions is retained by ISAC and is not shared with the colleges.

Pre-screening Questions

- A student should complete either the FAFSA or the Alternative Application, depending on their eligibility and other considerations in determining which application to file
- In general, a student should not complete both applications, however, please note the following exceptions:
 - If the student filed an Alternative Application, but then becomes eligible for federal aid, it would be acceptable to file a FAFSA for the same award year.
 - If the student filed a FAFSA and it was rejected due to their citizenship status, they are encouraged to file an Alternative Application for the same award year if they meet all RISE Act eligibility requirements
