ISSUANCE OF STUDENT LOAN REVENUE BONDS
TAX-EXEMPT SENIOR SERIES III, TAXABLE SENIOR SERIES IV AND TAXABLE SUBORDINATE
SERIES V

Background

The following paragraphs set forth a brief description of the documents to be approved and the rationale for the proposed new bond issue. As of September 1, 2003 the total of all existing indebtedness authorized and outstanding by the Commission is \$3,112,064,000 including tax-exempt bonds, tax-exempt notes, taxable bonds and taxable notes, compared with a limit of \$3,500,000,000 of bond authority.

The proposed transaction assumes a tax-exempt and taxable issuance of Bonds not to exceed \$350,000,000 for the purpose of acquiring or originating eligible student loans, refunding existing bonds, funding certain Funds and Accounts created under the Resolution authorizing such Bonds, and paying costs of issuance. The proposed transaction will finance FFELP loans that contain a low-cost borrower benefit component and may also finance non-FFELP Alternative loans and Institution loans, as discussed with the Commission at previous meetings.

Brief Description of the Documents to be Approved

2003 Supplemental Resolution - The 2003 Supplemental Resolution is a supplement to the 2002 General Resolution providing for the issuance of particular series of Bonds of the Commission and contains terms and parameters relating to the proposed Bonds. The 2003 Supplemental Resolution, together with the 2002 General Resolution, serves as the contract between the Commission and bondholders who purchase these series of Bonds. The Bonds constitute the second issuance of obligations under the 2002 General Resolution; the first issuance of obligations occurred in August 2002.

Official Statement - The Official Statement is the disclosure statement prepared by staff and the financing team and used by the Underwriter to market the Bonds. It describes in depth all material provisions of the Bonds and discloses general information about the Commission and certain potential risks associated with the purchase of the Bonds.

Bond Purchase Agreement - The Bond Purchase Agreement is an agreement between the Commission and the Underwriter pursuant to which the Underwriter purchases the Bonds. It is signed in advance of the bond closing at the time the Bonds are sold. The Bond Purchase Agreement will contain the pricing terms relating to the Bonds and certain conditions that must be met by the Commission to obligate the Underwriter to purchase the Bonds.

Continuing Disclosure Undertaking - The Continuing Disclosure Undertaking, which is an exhibit to the Official Statement, is an agreement signed by the Commission to provide annual updates and periodic "material event" updates to certain central information repositories pursuant to federal securities laws.

Actions to be Taken

For each financing, it is necessary for the staff to perform a sequence of seven actions, as follows:

- Select a financing team of counsel and underwriters;
- Explore financing alternatives and structures;
- Seek a Commission resolution delegating the responsibility to finalize the offering terms (requested as part of this agenda item);
- Seek ratings by major bond rating agencies (currently working with the rating agencies to secure the ratings);
- Seek necessary state approval of the financing (presently awaiting Governor's office approval);
- Produce an Official Statement for the proposed bond issue (requested as part of this agenda item); and
- Seek Commission approval of the sale of securities (requested as part of this agenda item).

Proceeding with the Financing

Based upon the need to fund fall and winter disbursements, staff is seeking authority to conclude the proposed financing as expeditiously as possible.

The Underwriting Team

Consistent with prior actions of the Commission, the team for this particular financing consists of the following members:

Managing Underwriter:	UBS Financial Services Inc.
Bond Counsel:	Chapman and Cutler LLP
Underwriter's Counsel:	Bell, Boyd & Lloyd LLC

Explore Financial Alternatives and Structures

Staff is confident that this financing can be concluded on a timely basis, and believes that it is sound business practice to proceed with the approval of the issuance and sale of the Bonds at the time of the September 19, 2003 meeting. Based upon the projected need for funds, staff anticipates that the Bonds will be issued in the amount of not to exceed \$350,000,000 on or about October 2, 2003.

Seek Rating of the Bonds

The Commission's bond issue will need to be rated by agencies experienced in providing ratings for student loan revenue bonds to assure the lowest possible borrowing cost. Through their participation in regular meetings with student loan officials across the country, Fitch Inc. and Moody's Investors Service have developed significant expertise with respect to student loan revenue bond issues. It is the recommendation of staff and the financing team that the Bonds be rated by these two firms.
