## ILLINOIS STUDENT ASSISTANCE COMMISSION FY2008 DATA BOOK

### Introduction

The Illinois Student Assistance Commission (ISAC) Data Book is completed annually by the Research, Planning, and Policy Analysis Department. It is a collection of tables containing information regarding student financial aid programs administered by ISAC and is divided into six sections. **Part One** provides information pertaining to the appropriation history of the agency and ISAC program summary for the previous fiscal year. **Part Two** focuses on the Monetary Award Program (MAP), the State's largest need-based grant program. The next section, **Part Three**, gives information on Federal Family Education Loan Programs. **Part Four** shows information on the Illinois Designated Account Purchase Program (IDAPP), ISAC's secondary market for student loans. The next section of the Data Book, **Part Five**, focuses on specialized scholarship and grant programs administered by ISAC. These programs include: the Illinois Veteran Grant Program, the Minority Teachers of Illinois Scholarship Program, the Illinois Future Teachers Corp Program, the Illinois National Guard Grant Program, the Dependents Grant Programs, the Student-to-Student Grant Program, the Robert C. Byrd Honors Scholarship Program, the Illinois State Scholar Program, the College Savings Bond Bonus Incentive Grant Program, the Silas Purnell Illinois Incentive for Access Program, the Illinois Special Education Teacher Tuition Waiver Program, the Illinois Teacher and Child Care Provider Loan Repayment Program, the Illinois Scholars Program (Golden Apple Scholars), the Illinois Optometric Education Scholarship Program, the Nurse Educator Scholarship Program, and the Monetary Award Program Plus. The final section, **Part Six**, provides information on *College Illinois!*, Illinois' prepaid tuition program.

Each year ISAC receives a state appropriation with authority to expend funds from state and federal sources, including the Federal Student Loan Fund (FSLF). In FY2007, ISAC's state appropriation totaled \$743,218,000. This appropriation included \$401,539,800 in state funds, authority to spend \$335,778,200 in federal student loan funds, and authority to spend \$5,900,000 in federal program funds. The dollars appropriated from these funds are used by ISAC to provide financial aid for students. Table 1.0 shows ISAC's appropriation history by program from FY1980 through FY2007. Table 1.1 shows a summary of program expenditures, recipients, and loan guarantees for state fiscal year 2007.

## Merit Recognition Scholarship Program not funded.

The Monetary Award Program (MAP) provides grants to students to help pay for tuition and mandatory fees at Illinois colleges and universities and certain degree-granting institutions. Illinois is one of the largest providers of state need-based aid in the nation. To receive a MAP grant, a student must demonstrate financial need, be enrolled as an undergraduate for at least three credit hours per term at an ISAC-approved Illinois institution, be a resident of Illinois, and meet several other requirements. The maximum award level is dependent on legislative action and available funding in any given year. The award amount could increase or decrease throughout the academic year. Students apply using the *Free Application for Federal Student Aid* (FAFSA) and must release their financial data to ISAC. In FY2007, 236,306 students were eligible to receive MAP grants. Of those eligible, 146,635 students actually enrolled and claimed their awards.

The tables in this section provide a variety of data including historical volume and payout summaries (Table 2.0a), the Monetary Award Program formula (Table 2.0b), and a new table (2.0c) in 2007, which provides a history of the maximum award. Statistical information by sector can be found in (Tables 2.1- 2.3A), statistical information by institution (Tables 2.3b - 2.3e), by student income and dependency status (Tables 2.4a - 2.4e), by applicant and announced eligible characteristics (Table 2.5a - 2.6c), and by paid applicant characteristics (Tables 2.6d-2.6f).

\* Began using Federal Methodology.

\*\* Due to budget cuts in 2003, eligibility was eliminated for 8,486 students who had received the equivalent of four years of full-time MAP.

\*\*\* In FY2004, eligibility was restored to students who had received up to the equivalent of 4.5 years of full-time MAP. These students were eligible for 50 percent of their annual award. There were 1,980 students who received 4.5 years of full-time MAP that were still ineligible.

# (S)LEAP appropriation excluded in calculation. Spending authority approved but no funds were actually received.

**FY2007 Monetary Award Program Formula**

**FY2007 MAP Formula**

**Budget**

1. Use 2003-2004 reported tuition and fees at all institutions, assessed at 100 percent at all institutions.
2. Use one living allowance for all applicants, set to \$4,875.

**Resources**

1. Use 80 percent of Pell Grant eligibility as determined by the 2003-2004 Pell Grant Payment Schedule, which contains a \$4,050 maximum.
2. Calculate the ISAC adjusted EFC by inflating the Federal EFC.

*Adjusted Dependent Students' Parent Contribution:*

Adjustment Factor =  $[PC/11,000 + 1.10]$  rounded to 2 decimal places

Adjusted PC = PC x Adjustment Factor

*Adjusted Independent Student Contribution:*

Adjustment Factor =  $[EFC/11,000 + 1.10]$  rounded to 2 decimal places

Adjusted EFC = EFC x Adjustment Factor

3. Use a minimum self-help expectation of \$1,800 for all students.

**Award Amounts**

1. Set the maximum award equal to the lesser of \$4,968 or the tuition and mandatory fees specified in the budget. Set the minimum award to \$300, and round maximum eligibility in \$150 increments to calculate partial awards.
2. Provide no award for applicants who have an EFC equal to or greater than \$9,000.
3. Students who have used 75 or more MAP paid credit hours must be a junior or senior to be eligible for MAP. Students who have used 135 or more MAP paid credit hours are not eligible for MAP.

\* Mean Taxable Income does not include dependent student income.

The Federal Family Education Loan Program (FFELP) is comprised of three programs: Federal Stafford loans (both subsidized and unsubsidized), Federal PLUS loans (for parents of dependent students), and Federal Consolidation loans. Eligibility for subsidized Stafford loans is need-based and requires the determination of Pell Grant eligibility. In contrast, eligibility for the unsubsidized Stafford and PLUS Loan Programs is not based upon financial need. These low-interest educational loans are made to qualified students or their parents, as well as graduate and professional students.

The federal government pays the interest on subsidized Stafford loans while the student is in school (on at least a half-time basis), during the student's grace period and during authorized deferment periods. Payment of interest on an unsubsidized Stafford loan, however, is the responsibility of the student. Interest accrual for an unsubsidized loan begins on the date of disbursement. The interest rate for Federal Stafford loans (subsidized and unsubsidized) is fixed at 6.8 percent, adjusted annually on July 1. Previous loans at a variable rate will remain variable and also adjust on July 1 every year. The unsubsidized Stafford loan allows students to borrow the difference between their subsidized Stafford loan amount and the maximum Stafford loan amount, regardless of financial need. Independent students may qualify for additional unsubsidized loan amounts. The annual and aggregate maximum loan amounts for the Federal Stafford Loan Programs are:

## **PART THREE -- FEDERAL FAMILY EDUCATION LOAN PROGRAM**

(continued)

The Federal PLUS Loan Program provides loans to parents (natural or adoptive) or legal guardians of dependent students. For a parent to qualify, the student must be enrolled at least on a half-time basis at an approved postsecondary institution. This program is not need-based, but eligibility for PLUS requires the prior determination of students' Pell Grant and subsidized Stafford loan eligibility by some schools. Parents can borrow up to the cost of attendance minus estimated financial assistance that has been or will be awarded to the student for the period of enrollment. There is no academic level, annual or cumulative PLUS loan limit. The interest rate is variable, adjusted annually on July 1, and cannot exceed 9 percent. Repayment of principal and interest begins within 60 days after the funds are fully disbursed.

As a graduate or professional student, effective for loans certified on or after July 1, 2006, students may be able to borrow money with low interest for college through the PLUS Graduate/Professional Loan Program. Federal Plus loans are available through either the FFELP or Federal Direct Loan Program. Graduate or professional students who wish to take advantage of this program do not need to demonstrate financial need. Students must be a U.S. citizen or eligible citizen, complete a FAFSA and credit check and not be in default on an educational loan or owe repayment on a federal or state grant. Repayment of principal and interest begins within 60 days after the funds are disbursed. Under this program, borrowers may defer the payment of principal under certain circumstances.

ISAC's Federal Consolidation Loan Program is unILoan. Loan consolidation combines various educational loans into one manageable loan, allowing borrowers to make only one monthly payment. unILoan also allows a borrower to extend the repayment terms on their loans up to 30 years. In addition, loans eligible for consolidation include: a) loans delinquent more than 90 days, but not in default; and, b) defaulted loans for which the holder has certified that satisfactory repayment arrangements have been made. Eligibility to consolidate educational loans requires that an application for loan consolidation is not pending with another lender (or guarantor).

This section reports Federal Stafford and PLUS guaranteed loan volume (Table 3.0), guaranteed loan volume by individual program (Tables 3.0a - 3.0d), consolidation guarantee volume (3.0e), net guarantees by school type (Table 3.1), Stafford and PLUS loan borrower characteristics (Tables 3.2a - 3.2c), and cumulative loan data (Table 3.3).

ISAC's secondary market for educational loans, the Illinois Designated Account Purchase Program (IDAPP) originates, disburses, and services student loans, including consolidation loans. IDAPP ensures statewide access to student loans through its lender referral service, provides capital to make additional loans by purchasing loans, averts student loan defaults through default prevention services and rewards timely repayment through an innovative borrower benefits program. Table 4.0 in this section gives an historical program summary and Table 4.1 provides a summary of Alternative Loan Program activity. During 2007, IDAPP transitioned to a new "Illinois-nexus model", focusing on making loans to students attending Illinois schools. This commitment was evidenced by the newly created *College Illinois!* Capstone Loan Program. Tables containing data for this program will be available in the 2008 Data Book.

ISAC administers numerous scholarship and grant programs, and one tuition waiver program. The State Scholar Program, an honorary program, recognizes academic achievement of high school seniors. Eligibility for the Student-to-Student Grant Program, the Illinois Incentive for Access Program, the MAP Plus Grant Program, and the Higher Education License Plate Grant Program is based on financial need. The remaining programs are financial assistance programs for students who meet special requirements.

**Merit Recognition Scholarship Program:** The Merit Recognition Scholarship (MRS) Program provides a one-time \$1,000 scholarship to the top five percent of Illinois high school graduates, based on available funding each year from the General Assembly. Scholarships may be used at eligible Illinois institutions or one of the four approved United States military service academies. Recipients must use the award within one year of high school graduation, and must be enrolled for undergraduate study at least half time. In FY2007, funding was not provided for this program.

**Illinois Veteran Grant Program:** The Illinois Veteran Grant (IVG) Program pays for tuition and mandatory fees at Illinois public universities and community colleges for qualified Illinois veterans or military service members with at least one year of active duty in the U.S. Armed Forces and who served honorably. Any member of the Illinois National Guard or a Reserve component of the U.S. Armed Forces who meets the eligibility requirements is considered a qualified applicant for the program. This grant is available for the equivalent of four academic years of full-time enrollment for undergraduate and graduate study. Veterans must have been residents of Illinois six months prior to entering the service, and must have returned to Illinois to reside within six months of leaving the service. Recipients are required to enroll for a minimum number of credit hours each term. A total of 11,781 grants were awarded in FY2007, totaling \$19,176,749. Table 5.0c contains data by institution on this program.

**Minority Teachers of Illinois Scholarship Program:** The Minority Teachers of Illinois (MTI) Scholarship Program provides scholarships of up to \$5,000 per year for up to four years to assist academically talented individuals of African American/Black, Hispanic American, Asian American, or Native American origin who plan to become teachers. Scholarships are available for undergraduate or graduate students enrolled at least half time. Students receiving this scholarship must fulfill a teaching commitment by teaching one year for each year of assistance at a nonprofit Illinois public, private, or parochial preschool, elementary or secondary school with at least 30 percent minority enrollment. If the teaching commitment is not fulfilled, the scholarship converts to a loan and the student must repay a prorated amount, plus interest. In FY2007, 601 MTI scholarships were awarded, totaling \$2,891,974. Table 5.0c contains data by institution on this program.

**Illinois Future Teacher Corp Program:** The IFTC Program awards scholarships to academically talented students attending an approved Illinois public or private institution, with a priority given to minority students, who plan to pursue careers as preschool, elementary and secondary school teachers in designated teacher shortage disciplines in and/or making a commitment to teach in a hard to staff school in the State of Illinois, and minority students. The scholarships are applicable only toward tuition and fees and room and board charges or commuter allowance. The annual scholarship awarded to a qualified applicant may be \$5,000 or \$10,000 depending on the teaching commitment made. Recipients must enroll at least half time as juniors or above and must fulfill the teaching commitment or repay funds received plus interest. In FY2007, 564 scholarships were awarded, totaling \$3,824,127. Table 5.0c provides additional data by institution on this program.

**Illinois National Guard Grant Program:** The Illinois National Guard Grant Program pays tuition and certain fees for enlisted members and officers of the Illinois National Guard to attend public four or two-year institutions for undergraduate or graduate study. Students are eligible for eight semesters or twelve quarters of assistance. In FY2007, there were 1,821 students that participated in the program. The total dollars expended were \$4,462,432. Table 5.0d provides data by institution for the program.

**Dependents' Grant Programs:** The Grant Program for Dependents of Police or Fire Officers and the Grant Program for Dependents of Correctional Officers pay the tuition and mandatory fees at any MAP-approved school for the spouse and children of police officers, fire officers, and correctional workers who were killed or permanently disabled in the line of duty. In FY2007, 71 students received \$454,447 in grant aid. Table 5.0d shows data for this program

## **PART FIVE -- SPECIALIZED SCHOLARSHIP AND GRANT PROGRAMS**

(continued)

**Student-to-Student Grant Program:** The Student-to-Student Grant Program allows voluntary student contributions to be matched dollar-for-dollar, by ISAC, and paid to participating public universities and community colleges. Need-based grants are then made available to students who qualify. In FY2007, participating institutions provided a total of \$949,975 and ISAC paid an equal amount for 3,080 students. Table 5.0d contains additional data on this program.

**Robert C. Byrd Honors Scholarship:** The Byrd Scholarship Program is a federally-funded program administered by ISAC which provides scholarships of up to \$1,500, for a maximum of four academic years, for academically exceptional high school graduates who show promise of continued academic excellence. Byrd Scholars must become high school graduates in the same high school year in which a scholarship application is submitted, must demonstrate academic achievement through test scores and high school transcripts and be enrolled, or accepted for enrollment as full-time undergraduate students in a postsecondary institution approved by the U.S. Department of Education. This scholarship is not limited to tuition and fees. Recipients may use the scholarship at out-of-state institutions. A total of \$1,545,500 to 1,037 students was awarded in FY2007. Table 5.1 provides institutional data on this program.

**State Scholar Program:** Each year ISAC selects approximately ten percent of the high school graduates in Illinois to be State Scholars. These students are chosen according to their high school class rank and the scores of ACT or SAT tests taken during the third semester prior to graduation from high school. The State Scholar program is a recognition-only program. In FY2007, there were 17,903 Illinois State Scholars. Table 5.2 gives historical data on this program.

**Bonus Incentive Grant Program:** The Bonus Incentive Grant (BIG) Program provides an additional financial incentive to encourage the use of Illinois College Savings Bond proceeds for attendance at Illinois colleges and universities. The incentive grants range from \$40 to \$440 per \$5,000 of compound accreted value at maturity, depending on the maturity of the bond. Students must be enrolled at least a half time at an undergraduate or graduate level at a MAP-approved Illinois postsecondary institution. Table 5.3 provides historical data concerning this program.

**Silas Purnell Illinois Incentive for Access Grant Program:** The purpose of the Silas Purnell Illinois Incentive for Access (IIA) Program is to improve access and retention for students who have a limited ability to pay for college, and possibly to reduce the amount borrowed by these students. The program provides a \$500 or \$1,000 award (depending on funding) for freshman students who are determined through federal need analysis to have no family resources, and are attending approved Illinois colleges and universities at least half time. A total of 20,709 IIA grants were awarded in FY2007, totaling \$8,010,500. Tables 5.4a and 5.4b provide historical and institutional data concerning the program.

**Illinois Special Education Tuition Waiver Program:** The Illinois Special Education Teacher Tuition Waiver Program encourages current teachers and academically talented students to pursue careers in any area of special education as public, private, or parochial preschool, elementary or secondary school teachers in Illinois. Recipients must be seeking initial certification in any area of special education as undergraduate or graduate students. For non-teachers, students must be ranked in the upper half of their Illinois high school graduating class. Recipients are exempt from paying tuition and fees at an eligible institution for up to four calendar years. Recipients must fulfill a teaching requirement or repay funds received plus interest. Table 5.5 provides historical recipient data on the waiver program.

**Illinois Teacher and Child Care Provider Loan Repayment Program:** This program helps teachers who have served in low-income schools repay their student loans. Through the Illinois Teacher and Child Care Provider Loan Repayment Program, teachers who qualify for the federal Stafford Loan Cancellation for Teachers Program by teaching in an Illinois low-income school can receive an additional matching grant up to \$5,000. Childcare providers can also qualify for these federal and state programs by working full-time in a childcare facility that serves a low-income community in Illinois for at least two consecutive years. Table 5.6 contains data on the program.

(continued)

**Illinois Scholars Program (Golden Apple):** The Golden Apple Scholars of Illinois program recruits and prepares bright and talented high school graduates who represent a rich ethnic diversity for successful teaching careers in high-need schools throughout Illinois and provides scholarships to students pursuing teaching degrees. Illinois high school students must be nominated by a teacher, counselor, principal, or other non-family adult. Students may also nominate themselves. A limited number of positions in the program are also open to college sophomores in attendance at one of 54 Illinois colleges and universities that partner in the program. Scholars receive financial assistance for four years in exchange for a commitment to teach for five years in an Illinois school of need. Table 5.7 provides FY2007 data for this program.

**Higher Education License Plate Program:** The Higher Education License Plate Program provides grants to students who attend Illinois colleges for which the special collegiate license plates are available. The Illinois Secretary of State issues the license plates, and part of the proceeds are used for grants for undergraduate students attending these colleges. Program grants may be used only for tuition and mandatory fees for two semesters or three quarters in an academic year. The number of grants, as well as the individual dollar amount awarded, are subject to sufficient annual appropriations by the Illinois General Assembly and the governor. Table 5.8 provides historical data on this program.

**Illinois Optometric Education Scholarship Program:** An Optometric Education Scholarship Program recipient must practice in Illinois as a licensed optometrist for a period of not less than one year for each year of scholarship assistance received. The recipient must also begin practicing optometry in Illinois within one year following completion of the academic program for which he or she was awarded the scholarship and practice on a continuous basis until the obligation is fully completed. If the requirement to practice optometry in Illinois is not fulfilled, the scholarship converts to a loan and the recipient must repay the entire amount of the scholarship prorated to the fraction of the obligation not completed, plus interest at a rate of 5 percent. Table 5.9 provides program data.

**Nurse Educator Scholarship Program:** This scholarship pays tuition and fees for approved graduate level programs at eligible Illinois colleges for up to four calendar years for nurses and academically talented students pursuing a career in professional or practical nursing education in Illinois. In addition, qualified applicants also receive a stipend of up to \$10,000 to cover the cost of attendance, including living expenses. Recipients must sign an agreement to teach in Illinois in the field of nursing education. If the teaching commitment is not fulfilled, the amount of the proceeds received (including scholarship and stipend dollars) converts to a loan and the entire amount plus interest and reasonable collections costs must be repaid.

**Monetary Award Program Plus:** The Monetary Award Program (MAP) Plus provides grants, which do not need to be repaid for Illinois residents who do not receive a MAP grant and whose families' adjusted gross incomes are less than \$200,000 in the applicable tax year. Recipients must be enrolled at least half time as a sophomore, junior or senior at MAP-approved Illinois college, in a degree or certificate program. Recipients must also complete the Free Application for Federal Student Aid (FAFSA). Applicants are not required to submit high school grades or test scores when applying for the MAP Plus grant. The maximum MAP Plus grant available to a qualified applicant is \$500 per school year, disbursed in two payments not to exceed \$250 per term. When created in 2006, the MAP Plus Program was authorized only for the 2006-2007 academic year.

\* Awards provided to top 2 1/2 percent of high school graduating classes in FY1998 and FY1999, top 5 percent beginning in FY2000, and changed to top 3 1/2 percent in FY2003. The MRS Program was expanded in FY2001 to include students whose college admission test scores were in the 95th percentile of the state's scores or who ranked in the top 5 percent of their high school class. In FY2006 and FY2007, this program was not funded.

\*# No appropriation was initially made for the BIG Program for FY2005. The lack of initial funding led to a reduction in the number of claims.

\*\* Formerly known as the ITEACH Teacher Shortage Scholarship Program in FY2002-FY2003.

# Payout in FY2003 includes \$19,568 in administrative expenses, and \$11,448 in FY2004.

\* Beginning with the 1983-84 year, both ACT Assessment and SAT I scores were included in the State Scholar selection process.

\*\* Beginning in 1992-93, students who scored in Illinois' 95th percentile or higher on their ACT Assessment or SAT I tests were automatically designated a State Scholar. Thus, these students are excluded from all mean calculations except the mean test score.

# Beginning in 1999-00, the selection formula was changed to weight the test and rank scores equally.

The Illinois Student Assistance Commission administers Illinois' 529 prepaid tuition plan, *College Illinois!*. The purpose of this program is to provide Illinois families with an affordable, tax-advantaged method to pay for college. Illinois prepaid tuition contracts allow participants to prepay the cost of tuition and mandatory fees at Illinois public universities and community colleges. Contract benefits also can be used at private and out-of-state colleges and universities. Contracts can be purchased by lump sum payment or by installments during a limited enrollment period each year. Earnings are exempt from federal and state income taxes and contributions toward payment of *College Illinois!* contracts can be deducted from Illinois State income tax. If the designated beneficiary decides not to attend college, the contract can be transferred to another family member, or the purchaser can request a refund, with interest, minus a nominal cancellation fee. Table 6.0 provides information on program enrollment and payout.
