Financial Aid Application Completion

☐ Access and Agreement

Introduction to the Financial Aid Application Completion

The Financial Aid Application Completion provides the means for high school districts across the state to identify which of their students have completed the Free Application for Federal Student Aid (FAFSA®) in a given academic year. Data available includes names of students; aggregate data for the entire student body; how many students are eligible for MAP and the federal Pell Grant Program; expected family contribution (EFC) ranges and a listing of the first-choice colleges to which students have sent their FAFSA results.

After activating your GAP Access Account (see the GAP Access page on the isac.org website for instructions), login to GAP Access from the main login page.

In order to participate in the Financial Aid Application Completion Initiative, **your school principal** must certify and agree to the terms and conditions of the *Financial Aid Application Completion Participation Agreement for Illinois Educational Entities*. FAFSA privileges require Primary Administrator acknowledgement to terms and conditions.

NOTE: Pages 2 - 6

If the principal has already completed the Financial Aid Application Completion participation agreement, skip this section, and start at page 7.

- In the column titled “**FAFSA Status**”, there are three possible statuses for a student record:
 - **No FAFSA Filed:** The student did not file a FAFSA
 - **Filed, has EFC:** The student filed a FAFSA and an Expected Family Contribution (EFC) was calculated.
 - **Filed, no EFC:** The student filed a FAFSA however, some information was incomplete, or the information provided prevented an EFC from being calculated.
- Other columns display the date the **initial FAFSA** was received by the Central Processing System for the year and the students’ potential **Monetary Award Program (MAP) eligibility** at the college listed first by the student on the FAFSA.

Add and Delete Functionality

The Add/Delete feature is available on the **FAFSA Completion School Summary** screen. Use this function to:

- Add student records to your school's list
- Delete student records that should not appear on the school's list
- To make name or date of birth adjustments

Please keep in mind that neither the add, delete or adjustment functions make any change to FAFSA data. The impact of any change made in the FAFSA Initiative system is to the school's student list only. Subsequently, FAFSA data is matched against the student list. Adjusting demographic data could improve the ability for the system to match the student record with a FAFSA.

IMPORTANT NOTE: The Add and Delete functions make immediate changes to the school's student list. However, the FAFSA match against that list only occurs once a week. So, you may not see an immediate change in the FAFSA Status, Initial FAFSA Received Date and MAP Elig@1st Choice College fields. Typically, new FAFSA match data is available to schools on Monday morning.

Student Record Upload

The student record upload process allows **Private schools only** to upload a current list of seniors. Once uploaded, the student list will then be used to match FAFSA and Alternative Application completion data. **It is important to note that the Financial Aid Application Upload function is separate from the State Scholar Program File Upload process. The Public school's data list of seniors will be provided from the Illinois State Board of Education.**

The student list file must be formatted in Microsoft Excel 2003 or above (.XLS, XLSX, XLSS), or in CSV (Comma Delimited), and follow ISAC's prescribed file layout.

The data elements that will need to be uploaded for the high school's current **senior class** are:

- last name
- first name
- middle initial
- date of birth

Please note: The Financial Aid Application Upload function is available only to private high schools. The upload button is disabled for public high schools. Submission of private high school data via the Financial Aid Application Upload function will populate the senior data and any additional files uploaded will completely replace the data that is currently presented on this page, as well as on the 2023 Financial Aid Application Completion Initiative page. Adding and/or deleting individual student records must be completed manually. The file must contain your entire senior class and must not include a header.

To upload individual or multiple students, click on the FAFSA Student Record Upload tab

FAFSA Initiative

FAFSA Upload: History

The screenshot shows the 'FAFSA Student Record Upload' page. At the top, there's a blue header with 'GAP ACCESS' and 'ISAC: GAP Assistance Programs'. Below this is a navigation bar with 'Administration', 'School', and 'Programs'. The main heading is 'FAFSA Student Record Upload'. A red notice states: 'Please note: The Financial Aid Application Upload function is available only to private high schools. The upload button is disabled for public high schools. Below the notice are buttons for 'Select File', 'Upload', 'Cancel', 'Refresh', 'Upload File', and 'Guidelines & Samples'. The 'Upload History' section shows 'Entries displayed: 10' and a 'Filter' box. A table lists the upload history with columns: #, File Name, Status, Uploaded Date, and Uploaded User ID. The first entry shows a file named 'testExcelFile...' with a status of 'Upload Complete', uploaded on '2022-10-21 12:21:57.73', by user 'FileStage'.

#	File Name	Status	Uploaded Date	Uploaded User ID

Troubleshooting

1. Here are a few common reasons why a FAFSA may not show as filed.

- Timing of when the FAFSA was submitted. The newest FAFSA matches are available every Monday morning. If the student filed Monday afternoon, the FAFSA will not appear until the following Monday.
- The students name must match. The following are common no match reason due to name discrepancies.
 - ✓ Switching the first name and last name.
 - ✓ Student filed the wrong year FAFSA.
 - ✓ Student list may not show a middle initial, but the FAFSA was filed using a middle initial.
 - ✓ Student list does not show name suffix (II, Jr., Sr.), but the FAFSA was filed using a name suffix.
 - ✓ Student filed the FAFSA using a name suffix as part of the last name or the first name.
 - ✓ Hyphenated last names. Confirm the FAFSA was filed using the hyphenated name. Check if a space was used between the name and the hyphen.
- Date of birth.
- There is also a match on the high school name. If the schools name is City High School but the FAFSA was filed using West Campus High School, that could cause a no match.

If you are not able to find a discrepancy in the name or date of birth, contact ISAC's School Services Department by calling 866.247.2172 or sending an e-mail message to isac.schoolservices@illinois.gov for assistance.

2. The file could not be uploaded error. The file must follow the ISAC template.

- ✓ Do not password protect the file.
- ✓ Do not use any punctuation – periods, apostrophe, dashes
