MAP Award Announcements

School Requirements
ISAC-Generated MAP Notifications

Students who apply for financial aid on the Free Application for Federal Student Aid (FAFSA®) and agree to share the information with ISAC are considered for a Monetary Award Program (MAP) grant. The announcement process begins with the college sending an award letter to eligible students indicating a calculated annual award amount. The inclusion of MAP Grant awards in financial aid packages is critical information for students to make informed enrollment decisions. Potentially eligible students are Illinois residents with an EFC under 9000 who indicated a MAP-approved school as one of their school choices on the FAFSA.

In order to ensure that all MAP students receive the same information about their award in a consistent manner, ISAC requires schools to announce MAP awards to the students enrolled at their institution - including the estimated amount of the award. Refer to the School Requirements section for details.

Links to various forms and notifications are available from the right-hand menu.

School Requirements

ISAC provides the specific language that is required to be included on or with the school issued award letters at the beginning of each processing cycle. Schools are required to announce MAP awards to the students enrolled at their institutions, including students who are only eligible for a 2nd semester/2nd and 3rd quarter MAP award. Schools are required to clearly identify the estimated awards on the award notification as: State of IL MAP Grant (Est).

Additional information may be communicated about MAP in the award letter as long as ISAC’s required award letter language is included as written and the additional language does not conflict with it. For example, schools may want to provide students with the link to the MAP Rights & Responsibilities form, which includes pertinent student consumer information, or direct them to the MAP section in the Students & Parents area of ISAC’s website.
March 1, 2019 was the priority application deadline date for:

- Minority Teachers in Illinois (MTI) Scholarship Program
- Illinois Special Education Teacher Tuition Waiver Program (SETTW)

- At a public institution, student may receive a grant that does not exceed its cost of tuition and mandatory fees
- At a private institution, student may receive a grant that does not exceed the maximum amount payable to a student enrolled in the most expensive comparable program of study at a public institution
Recipients may receive benefits for the equivalent of four academic years (eight semesters or 12 quarters) of full-time enrollment, which is measured in eligibility units.

- Recipients may accumulate up to 48 eligibility units.
- The amount of eligibility a recipient has used is determined by converting credit hours to eligibility units.

- Benefits may be extended for one additional term if the recipient has accumulated fewer than 48 eligibility units but does not have enough units remaining for the number of hours in which he or she is enrolled for that term.
Awardsing Reminders

- The institution, however, may request a MAP grant to finance tuition and mandatory fee expenses not paid by PFC if a PFC recipient is also eligible for a MAP grant, the PFC grant must be factored into the financial aid package prior to receiving MAP gift assistance.

- If it does, the institution shall reduce one of the awards accordingly.

If a PFC recipient receives other assistance targeted specifically for tuition and fees, the combined assistance shall not exceed the total tuition and fee expenses incurred by the student.
Awarding Reminders

- The total amount of a student’s gift assistance may not exceed the student’s cost of attendance at the institution.
  - Any excess gift assistance is considered an over award and the institution is required to notify ISAC to reduce the grant and/or other gift assistance to prevent an over award.

- Funds are disbursed in multiple installments, depending upon the number of terms financed by the grant:
  - If the applicant’s eligibility is not determined until the final term of the academic year multiple disbursements will not be required.
  - If a student is attending only one term and the maximum award does not exceed the student’s cost of attendance, the grant proceeds will be awarded in one single disbursement.
