2022-23 Award Year
Fiscal Year (FY) 2023
2022-23 MAP Award Amount

• Maximum award is $7,200

• Recompute formula uses 2021-22 tuition and mandatory fees to calculate eligible award amount
  o Start-Up formula used 2009-10 tuition and mandatory fees
  o Main tuition and fee rates are used in the formula to calculate eligible award amounts for all students
    ▪ Highest tuition and fee rate had been used in prior years
    ▪ Main rate is defined as a college’s in-state or in-district tuition and mandatory fees for full-time freshmen undergraduate students for the regular school year, which is the rate typically faced by the majority of students.

• Some colleges also have differential rate data for higher cost programs on which a MAP award amount may be calculated
  o A differential rate is defined as the Fiscal Year (FY) 2022 freshmen highest differential rate assessed to students.

• To use a differential rate for 22-23 MAP payment, it must have been reported in the college’s 2021-22 MAP budget data
  o Not all colleges have a differential rate, and a small number of colleges have more than one
MAP Payment Processing

• Payment processing for the fall term began at the end of August

• The fall term claim deadline date is **Friday, December 9**

• Claims may be submitted through the MAP system in GAP Access or via the File Transfer Protocol process
  o Deadlines dates for the first term will be set later this fall

• Payment requests are processed on a nightly basis and results are provided the next business day
MAP – Differential Rates

• When requesting payment, differential rates may be used for students who are enrolled in a program of study that assesses higher charges (above the main rate).

• For students who may be assessed both main and differential rates in a term, the college may use the differential rate for students if they are enrolled in a program of study that is assessing higher charges and the majority of the coursework the student will take to complete the program is assessed at the higher rate.
  o If it is an even split, the student can be paid MAP using the higher rate.

• If a student changes their program of study during the term and will no longer be assessed a differential, an adjustment may be needed
  o Will depend on the timing and charges incurred

• In all cases, colleges must ensure that a student does not receive a MAP award that exceeds the amount of tuition and mandatory fee charges that the student is being assessed.
MAP – Differential Rates

• To request MAP payment for students who are being assessed a higher differential, you will need to update the budget code for the students and submit payment requests using that code.

• In the MAP system in GAP Access, this can be done by using the Edit MAP code function to adjust the MAP code for a student record.
  o Once the MAP code has been changed and saved, payment may be requested for the student using the differential code.

• For batch processing in the MAP system, you may request payment for students using a differential budget code via the Input Enrollment Screen or the Payment Generation screen.
  o The budget code will be attributed to all payment requests generated using these methods.

• If you are processing claims via FTP, you will need to include the appropriate differential budget code for each student record in the FTP file.
  o Claims for both main rate students and differential rate students can be submitted together in the same FTP file.
MAP – Differential MAP Codes

Save Changes

Discard Changes
MAP Payment: Filter Screen
MAP – Differential Rates

• If a payment request has been submitted for a term and the MAP code needs to be corrected or updated:
  o First, cancel the original request (just as you would do a cancellation for other reasons, such as a withdrawal)
  o Once the cancellation has processed, submit a new request using the alternate budget code

• This can be done in GAP Access in the MAP system for individual adjustments to a student’s record or it may be done using the FTP process
  o In either case, this would be a two-step process of cancelling the initial request and letting it process, and then submitting a new request
  o The FTP file specifications document provides an explanation of the data elements needed to submit cancellations and adjustments

• If a budget code needs to be changed for a student’s second term:
  o You would submit the payment request for the subsequent term using the alternate MAP code (and the new calculated award amount)
  o You would not need to make adjustments to the first term, unless an error was made and/or it’s determined the student was not eligible for an award using the budget code
MAP – Certificate Programs

• Effective with the 2022-23 award year, students enrolled at public institutions in eligible short-term certificate programs that award credit hours may be eligible for a MAP award.
  o This includes certificate programs that are not eligible for Title IV financial aid

• In order to receive MAP for a short-term certificate program, it must meet the following definition (from 23 Ill. Adm. Code 1501.301 - Administrative Rules of the Illinois Community College Board) and now in ISAC rules:
  o “Occupational or Career and Technical Certificate” means a credit award for satisfactory completion of a prescribed curriculum intended to prepare an individual for employment in a specific field.

• Certificate programs that do not award credit hours are not eligible for MAP.

• In order to receive MAP for a short-term certificate program, a student must be enrolled at an eligible public institution in an eligible degree or certificate program for a minimum of three credit hours.
MAP – Certificate Programs

• To request MAP payment for a student in an eligible certificate program, report the number of credit-based hours in which the student is enrolled for the term.
  o If the student is enrolled in additional coursework, the number of enrollment hours reported should be the combination of the certificate program hours and other coursework the student may be enrolled in.

• An indicator has been added to the MAP payment request process to identify students who are receiving MAP due to their enrollment in a short-term certificate program at a public institution.

• When submitting a MAP payment request for a student in a certificate program, the Short-Term Certificate Program indicator should be checked in the MAP system.
  o The certificate box should be checked even if the hours are mixed (a combination of traditional and certificate program courses).
  o Help text is provided to clarify when the indicator should be checked.

• For payment requests submitted via File Transfer Protocol, a “Y” indicator should be provided in Field #24 in the FTP file, per the file specifications.
MAP – Certificate Programs

- If requesting payment in the MAP system in GAP Access, the indicator can be provided on the:
  - Student Payment Detail screen – for individual reporting
  - Input Enrollment screen – for batch reporting, will apply to all students entered on the screen
  - Payment Generation screen – for batch processing, will apply to all students selected (and saved) on the Student Payment List
MAP – Certificate Programs

• For payment requests submitted via FTP for students in short-term certificate programs, a “Y” indicator should be provided in Field #24 in the FTP file
  o Updated FTP file specifications can be found on the Electronic Tools page in the E-Library
MAP – Administrative Rule Amendments

NOTICE OF EMERGENCY AMENDMENT

TITLE 23: EDUCATION AND CULTURAL RESOURCES
SUBTITLE A: EDUCATION
CHAPTER XIX: ILLINOIS STUDENT ASSISTANCE COMMISSION

PART 2700
GENERAL PROVISIONS

Section
2700.10  Summary and Purpose
2700.15  Incorporations by Reference
2700.20  Definitions
EMERGENCY
2700.30  General Institutional Eligibility Requirements
2700.40  General Applicant Eligibility Requirements
2700.50  Determining Applicant Eligibility
2700.55  Use, Security and Confidentiality of Information
2700.60  Audits and Investigations
2700.70  Appeal Procedures
2700.80  Contractual and Consortium Agreement Requirements
2700.90  Consumer Protection Requirements

AUTHORITY: Implementing the Higher Education Student Assistance Act [110 ILCS 947]; Title IV of the Higher Education Act of 1965, as amended (20 USC 1070 et seq., as amended by P.L. 105-244); and authorized by Section 20(f) of the Higher Education Student Assistance Act [110 ILCS 947/20(f)].

“Occupational or Career and Technical Certificate – A credit award for satisfactory completion of a prescribed curriculum intended to prepare an individual for employment in a specific field.

EMERGENCY

Section 2735.20  Applicant Eligibility

A qualified applicant shall be:

1) a citizen or eligible noncitizen;
2) a resident of Illinois;
3) maintaining satisfactory academic progress as determined by the institution;
4) enrolled in an eligible degree or certificate program (34 CFR 668.8), or in an eligible credit-bearing Occupational or Career and Technical Certificate program, for a minimum of three credit hours, for either a semester or quarter term, throughout the institution’s tuition refund/withdrawal adjustment period; and
5) enrolled at an ISAC-approved institution of higher learning.
A revised definition of mandatory went into effect July 1, 2022 for ISAC programs

- The terminology “to each and every full-time student” was removed so that fees which are only required of students attending on campus, online and/or hybrid could be considered mandatory
- The intent is still that mandatory fees are, generally, the fees charged to all students attending your institution
- Fees which are course- or program-specific are not considered mandatory fees for purposes of ISAC programs

<table>

From the 2022-23 Proposed Rule Amendments, General Provisions, Section 2700.20 Definitions
- Final version has been published at isac.org
2022-23 Early Childhood Access Consortium for Equity (ECACE) Scholarship Program

• Provides funds for those who are currently working or have worked in the early childhood education field and are seeking an additional credential and/or degree

• Students must be an undergraduate student at a public or non-profit private 2- or 4-year Gateways-entitled and Early Childhood Access Consortium for Equity member institution

• The program covers a recipient’s total cost of attendance at a community college or public university, less any other financial aid received
  o Students at participating non-profit private institutions may receive an amount no more than the cost of the most expensive program of study in the field of early childhood education at an Illinois public college.

• The priority application consideration date was July 15, 2022

• Even though the priority application date has passed, applications may still be submitted
ECACE Scholarship Program

• Colleges are able to access a list in GAP Access of students who have applied for ECACE and listed their school on the application
  o Once an applicant has been reviewed and verified by ISAC, the school will see the student on their list:
    ➢ Timely New
    ➢ Timely Renewal
    ➢ Untimely New
    ➢ Untimely Renewal
    ➢ Incomplete
    ➢ Ineligible
  o New prequalification results are available twice a week on Wednesdays & Fridays
  o Incomplete, Ineligible and Complete applications are displayed
  o Applications under active review by ISAC are in a pending status and do not appear on the school’s list
    ▪ If an applicant initially appears on the school list as incomplete or ineligible, and additional documentation is submitted for further review, the application status will change to pending status and the school may no longer see the student record until the review has been completed
  o ISAC’s typical processing time for new applications is 4-6 weeks
ECACE Payment Processing

• Colleges may submit 2022-23 first-term payment requests via the ECACE system in GAP Access
  o First-term priority payment request deadline date is Friday, December 30

• The maximum award amount that may be claimed during the academic year populates in the "Max Annual Award Amount" field of the ECACE system as part of the prequalification process
  • Colleges must determine the term award amount(s) based on other financial aid the student is receiving, keeping in mind that the ECACE Scholarship is last payer, is not need-based aid, and can be used for any cost of attendance component.

• Payment results will be available in the ECACE system each Tuesday morning
  • Colleges are encouraged to regularly review the Payment Results/Exceptions report to confirm that requests processed as expected

• The disbursement of funds is processed by the State Comptroller's Office, and payments are made on a monthly basis.
  • Allow four to six weeks for payment processing (from the date a claim is submitted until funds are received at the college).
Recent ECACE Qs & As

• If a student has received a Notice of Ineligibility because the college certified the student as “not enrolled” for the fall term, is the student then ineligible for the remainder of the award year?

No.

When the college certifies a student as ineligible in the ECACE system, it will generate a notice of ineligibility to the student based on the reason that the college indicated. In the notices that students receive, they are directed to work with the Financial Aid office at their college to determine eligibility for a subsequent term if something will change with their status.

For example, if a student is notified that she isn’t eligible for the fall term because she is not enrolled, the eligibility status can be updated for a subsequent term if the student does enroll in an eligible program.

Funding for a student who is prequalified by ISAC as eligible for the scholarship is held for the full academic year. Indicating that a student is ineligible for one term does not make the student ineligible for other terms. Funding will be reserved throughout the award year.
Recent ECACE Qs & As

• If a student has prior employment that is not listed on a previous Eligibility Verification Form, how can they request that it be added?

Students may submit a request for new or additional employment information to be added by completing Reporting Prior Employment for ECACE Scholarship form, which can be accessed on ISAC’s student information page under the Required Documentation section: at isac.org/students/during-college/types-of-financial-aid/scholarships/ecace.html. Once the information has been added (usually 2 business days), the student will receive an e-mail notification, at which point the student will be able to access the Registry and obtain an updated Eligibility Verification Form. The updated form can then be uploaded during the application process.

Early Childhood Access Consortium for Equity

Frequently Asked Questions

1. What is the Early Childhood Access Consortium for Equity and how was it created?
2. How is the incumbent early childhood workforce defined?
3. Which institutions are members of the Consortium?
4. How is “Prior Learning” being defined in this initiative?

Consortium Goals

1. What are the sustainable goals for uplifting the early childhood workforce, and are there goals for each of the following – enrollment, persistence, and completion?
2. Can students who are in our Early Childhood program who earn an ECE endorsement (and are members of the incumbent workforce) “count” towards our goals?

The Illinois Board of Higher Education (IBHE) and the Illinois Community College Board (ICCB) have received many questions about the Early Childhood Access Consortium for Equity (ECACE) and the work of this initiative. This document is designed to address those questions. This should be considered a working document, which will be updated as the initiative progresses. This is not intended as a policy manual or general overview of the work.

2022-23 Minority Teachers of Illinois (MTI) Scholarship Program

- Maximum award amount increased to $7,500

- Applications continue to be accepted even though the March 31, 2022 priority consideration date has passed
  - 2022-23 applicants must also complete a 2022-23 FAFSA or Alternative Application

- 2022-23 awarding has taken place for timely new and renewal applications
  - Award results may be viewed using the Student List Eligibility: View screen

- Additional rounds of awarding will take place as long as funds remain

- Colleges should **continue certifying eligibility** for MTI applicants on a regular basis, throughout the year
MTI Certifications

• The only way an applicant can be considered for an award and/or receive an MTI notification letter about their ineligibility is if the applicant’s certification has been completed by the college in GAP Access.

• New data fields are included in the 2022-23 certification process, based on new items added to the application including:
  o Report the EFC from the valid ISIR on which a student’s financial aid would be based, as of the date that the MTI certification is completed.
  o If you aren’t able to certify a student’s bilingual information, you can still certify based on general criteria until you’ve obtained the additional documentation needed:
    ▪ It is better to certify under general criteria than not at all so that they student can be considered in all rounds of awarding that may take place.
    ▪ Bilingual certification provides priority, but is not required.

• Additional information about changes to the certification process are provided via the Certification Procedures for MTI page, an MTI User Guide, and a May 11 e-Message.
MTI Student Certification, Eligible

If a Y is selected, on the eligible field you must provide the following:

- Academic Level
- Anticipated Terms
- Is the student Bilingual
- If the student is bilingual, you must also provide the Bilingual Type and Bilingual Program
- Career Pathway Endorsement
- EFC
MTI Certification Data Definitions

• **Qualified Bilingual Minority Applicant**
  o A qualified bilingual minority applicant is one who demonstrates proficiency in a language other than English by receiving:
    o a [State Seal of Biliteracy](https://www.isbe.net/sealofbiliteracy) from the [State Board of Education](https://www.isbe.net/Pages/Educator-License-with-Stipulations.aspx), or
    o receiving a passing score on an educator licensure target language proficiency test.

  o Resource Links:
    ▪ [https://www.isbe.net/Pages/Home.aspx](https://www.isbe.net/Pages/Home.aspx)
    ▪ [https://www.isbe.net/sealofbiliteracy](https://www.isbe.net/sealofbiliteracy)
    ▪ [https://www.isbe.net/Pages/Educator-License-with-Stipulations.aspx](https://www.isbe.net/Pages/Educator-License-with-Stipulations.aspx)

  o Related Illinois Administrative Rules --
    ▪ [https://ilga.gov/commission/jcar/admincode/023/02300680sections.html](https://ilga.gov/commission/jcar/admincode/023/02300680sections.html)
      o Definitions -- "State Seal" or "Seal" means the State Seal of Biliteracy created by Section 2-3.159 of the Code and this Part.
MTI Payment Processing

• 2022-23 MTI first-term payment requests can be completed online and submitted electronically to ISAC via the MTI system.

• The first-term payment request deadline date is Friday, December 30, 2022.

• The timely submission of claims and cancellations/adjustments allows ISAC staff to monitor remaining funds and award other students, as applicable.
MTI Scholarship Program

• Reminder for Participating Institutions:

  • Starting with the 2022-23 award year, each institution that participates in the MTI Scholarship Program must host an annual information session about the program for teacher candidates of color and – in an effort to facilitate on-time completion of each student’s educator preparation program – require that all program recipients enrolled at the institution meet with an academic advisor at least once per academic year.
2022-23 Golden Apple (GA) Scholars of Illinois Program

• First-term payment requests for Golden Apple can be completed online via the GA system

• Payment claim deadline date is **Friday, December 30**
2022-23 Illinois Veteran Grant (IVG) Program

• ISAC is accepting 2022-23 IVG Program benefit usage data for the summer and fall terms
  o Although ISAC will not be able to reimburse institutions for 2022-23 IVG awards, reporting of enrollment hours must still take place so that benefit usage (i.e., eligibility units) can be accurately assessed to students' accounts.

• Important dates and reminders for 2022-23 IVG processing:
  • IVG benefit usage data for the summer term must be submitted on or before Friday, September 30, 2022 in order to be considered timely.
  • IVG benefit usage data for the fall term must be submitted on or before Friday, December 30, 2022 in order to be considered timely.
  • After submitting data, colleges are encouraged to always review the Benefits Results Exceptions report that is available the next business day.

• Note: Any 2022-23 benefit usage data that may have been submitted via FTP prior to August 18, 2022 was not be processed and must be resubmitted by the college.
2022-23 Illinois National Guard Grant (ING) Program

- ISAC is accepting 2022-23 ING Program benefit usage data for the fall term
  - Although ISAC will not be able to reimburse institutions for 2022-23 ING awards, reporting of enrollment hours must still take place so that benefit usage (i.e., eligibility units) can be accurately assessed to students' accounts.

- Important dates and reminders for 2022-23 ING processing:
  - ING benefit usage data for the fall term must be submitted on or before **Friday, December 30, 2022** in order to be considered timely
  - After submitting data, colleges are encouraged to always review the Benefits Results Exceptions report that is available the next business day.

- Note: Any 2022-23 benefit usage data that may have been submitted via FTP prior to August 18, 2022 was not be processed and must be resubmitted by the college.
2022-23 Grant Programs for Dependents of Police/Fire/Correctional Officers (PFC)

- The priority application consideration date for fall term was October 1, 2022

- Fall term Certification of Enrollment for Payment rosters were emailed to Financial Aid Directors on October 20

- What's New for 2022-23
  - An “Enrollment Status” column has been added to the Certification of Enrollment for Payment roster.
    - In order to best reflect each recipient’s status, both “Total Hours Enrolled” and “Enrollment Status” must now be reported (for example, 3 hours of summer enrollment may be considered “at least half-time” at one college, but “less than half-time” at another college).

- The completed payment request rosters are due to ISAC by November 30
Other 2022-23 Programs

• Community Behavioral Health Care Professional Loan Repayment Program
  o Applications are currently being accepted for this new program
    ▪ In order to be considered timely, the application must be submitted on or before November 15, 2022, which is the priority consideration date
  o The program provides loan repayment assistance to qualified mental health and substance abuse professionals
  o The amount of the annual award to qualified applicants to repay their student loan debt is based on their position and may be received for up to four years.
  o Additional information can be found at:
    ▪ isac.org/faas/other-programs/loan-repaymentforgiveness-programs/cbhcp.html
    ▪ isac.org/students/after-college/forgiveness-programs/community-behavioral-health-care-professional-loan-repayment-program.html

- For more details on payment processing on each program, see their respective pages in the Gift Assistance area of the FAA section at isac.org
MAP Advising Data Collection

• The 2022 collection period for MAP Advising data has opened and colleges may now submit the required information through the Gift Assistance Programs (GAP) Access portal

• There have been no changes from past years to the submission process, through which the following will be reported:
  • available advising and support programs (for the 2021-22 academic year)
  • course completion data (for the 2020-21 academic year)

• The 2022 MAP Advising data is due by Friday, December 9
General GAP Access Reminders

• Regularly verify that the ISAC Gift Assistance Programs (GAP) Access Administrator at your college has established the appropriate system access level for all impacted staff
  o Instructions for establishing access to the appropriate system(s) may be found on the GAP Access page.

• GAP Access is available each day between 7 a.m. and 10 p.m. (CT).

• The two-factor authentication process requires a valid user ID, password and single-use verification code each time a user logs in to the GAP Access portal.

• A valid GAP Access user ID and password are required in order to submit files via ISAC's Secure File Transfer System (located at https://transfer.isac.org/), making encryption (password protection) of files unnecessary.

• Additional information and instructions are provided in the FTP Process Using GAP Access Credentials Guide.
2021-22 Enrollment Verification Process

- ISAC is currently collecting 2021-2022 enrollment verification data for students who previously received funds from ISAC-administered teacher programs.

- Enrollment verification data for the Special Education Teacher Tuition Waiver (SETTW) Program and the MTI Scholarship Program is provided through each program's system within the GAP Access portal.

- Data is to be completed by the college and returned to ISAC as soon as possible, verifying award recipients' current enrollment status.

- All data must be submitted on or before **Wednesday, November 30, 2022**.

- As a reminder, ISAC monitors recipients' fulfillment of the program requirements associated with the teacher programs, and if recipients fail to meet the requirements, their awards convert to loans that must be repaid.
2021-22 Enrollment Verification Process

- For the MTI Scholarship and SETTW programs:
  - In program’s system in GAP Access, select the 2021-22 academic year from the "Academic Year" drop-down menu, and then click on the "Enrollment Status Verification" tab.
    - If "2022-2023" is selected as the academic year, the "Enrollment Status Verification" listing will be blank.

- For the Illinois SETTW Program Only:
  - Colleges must submit Tuition Waiver Conversion (TWC) data for all SETTW recipients who are not enrolled or are no longer eligible to receive the waiver.

- Data should be reported based on each student's last date of enrollment in the required teaching program.

- If the "Enrollment Status" is anything other than "In School," the "Effective Date" also must be provided.
  - A listing of valid "Enrollment Status" options may be found in the Enrollment Status Verification for the Teacher Programs User Guide, as well as additional information on the process.

- If the student remains enrolled in the required teaching program for 2022-2023, indicate such with the "In School" status; those students will continue to appear with future-year data.
Reporting Enrollment Status Data

- Verification of award recipients' current enrollment status data is to be completed by the college and returned to ISAC as soon as possible, and all 2021-22 data must be submitted on or before Wednesday, November 30, 2022.
- Enrollment verification functionality for the teacher programs is available each day between 7 a.m. and 10 p.m. (CT)
- For the Illinois SETTW Program only:
  - Colleges must submit Tuition Waiver Conversion (TWC) data for all SETTW recipients who are not enrolled or are no longer eligible to receive the waiver. Further instructions for submitting TWC data via the SETTW system are provided in the Enrollment Status Verification for the Teacher Programs User Guide.
- For the MTI Scholarship and Illinois SETTW programs:
  - From the MTI or SETTW system “Home” page, select the prior academic year (in this case, “2021-22”) from the “Academic Year” drop-down menu, and then click on the “Enrollment Status Verification” tab.
  - If “2022-2023” is selected as the academic year, the “Enrollment Status Verification” screen will be blank.
  - The reason the academic year must be selected for enrollment verification is that other functionalities (for example, certification and payment) also reside in the systems.
- Data should be reported based on each student’s last date of enrollment in the required teaching program.
- If the “Enrollment Status” is anything other than “In School,” the “Effective Date” also must be provided. A listing of valid “Enrollment Status” options may be found in the Enrollment Status Verification for the Teacher Programs User Guide.
- If the student remains enrolled in the required teaching program for 2022-2023, indicate such with the “In School” status; those students will continue to appear with future-year data.
- Enrollment status verification data is available to be updated only if the information has not yet been submitted to ISAC. Colleges must contact School Services for changes that need to be made after the data has been submitted.
2023-24 Award Year
Fiscal Year (FY) 2024
2023-24 MAP

- 2023-24 FAFSA® and Alternative Application for Illinois Financial Aid became available on October 1, 2022

- 2023-24 required award notification language is available in the FAA section of isac.org
  - Includes changes related to Public Act 102-0829
    - Requires ISAC to annually include information about the state Child Care Assistance Program and the federal dependent care allowance in the language that schools are required to provide to students eligible for MAP grants, beginning October 1, 2022.
    - Also requires institutions of higher learning that participate in MAP to provide the information to all of their MAP-eligible students, as well as to any other student the institution identifies as a student with dependents
The Fiscal Year 2024 (FY24) start-up formula was approved at ISAC’s September 22, 2022 Commission meeting

- Based on projections; assumes level funding
- Uses FY22 tuition and fees
- Maximum annual award amount of $7,200

The approved start-up formula is outlined in Item 4 of the Commission Meeting Agenda Book and may also be found in the MAP section in the FAA area of ISAC's website.

MAP Formula

(ISAC Rules, Section 2735.30)

The MAP formula is used to distribute the appropriated grant funds so that the neediest students receive grant assistance. Several components are used to determine eligibility.

ISAC establishes a preliminary, or "start-up," MAP formula each fall (September) to coincide with the introduction of a new FAFSA (on October 1) for the next award year. Historical data on enrollment attrition, the anticipated volume of applications and the best estimate of ISAC's MAP appropriation are all used to determine the MAP start-up formula.

During the summer – after the appropriation for the program has been determined by the Illinois General Assembly, the state budget has been signed by the Governor, and final school budgets are submitted to ISAC – the start-up formula is re-evaluated and a process called "recompute" is begun. During the recompute process, any changes to the formula proposed by ISAC and the ISAC/ILASFAA Formula Committee may be incorporated, as well as adjustments to the budget to reflect current year tuition and fees, based on the MAP appropriation.

MAP Hand Calculation Forms

ISAC provides paper-based worksheets by academic year, which can be used to calculate annual MAP awards for dependent and independent students.

2023-24 Hand Calculation Forms – Start-up
2022-23 Hand Calculation Forms – Recompute
2022-23 Hand Calculation Forms – Start-up
MAP Start-Up in GAP Access

- MAP eligibility information for applicants completing the 2023-24 FAFSA or the Alternative Application was made available to colleges in GAP Access on October 11.

- User Guides are available in the FAA area of isac.org to assist you in accessing and navigating the MAP system in GAP Access.
  - isac.org/faas/processes/map-electronic-processing/
2023-24 MAP Award Notification Language

- The 2023-24 award notification language that colleges are required to provide to all MAP-eligible enrolled students can be found in the MAP section in the FAA area of isac.org, on the MAP Award Announcements page.
- It is important to note that changes were made to the fourth paragraph of the notification language.
2023-24 School-Issued Award Notification Language

All schools are required to announce MAP Grant awards to all eligible students enrolled at their institutions, including students who are only eligible for a second semester/second and third quarter MAP award. Schools are required to clearly identify the awards on the award notification as: State of IL MAP Grant (Est).

Schools are also required to include the following information with the award notification:

By applying for financial aid and agreeing to share that information with the Illinois Student Assistance Commission (ISAC) you have been considered for the State of Illinois (IL) Monetary Award Program (MAP) Grant. All MAP-approved institutions are required by the State of Illinois to announce MAP Grant awards to students who are enrolled or intending to enroll at their institution. An award amount is included in your financial aid package if you have met the eligibility criteria.

The MAP Grant award amount is an estimate made by the financial aid office and is identified as a "State of IL MAP Grant (Est)". Please be aware that the number of available MAP Grants is limited by funding levels approved by the Illinois General Assembly and the Governor, and reductions to estimated or actual MAP Grants are possible.

There are also limitations to how long you can continue to receive a MAP Grant. Usage is tracked by the number of credit hours for which you’ve received MAP benefits and is referred to as MAP Paid Credit Hours (MPCHs). The maximum number of MPCHs that can be received is 135, which is equivalent to approximately four and a half years of full-time enrollment. For your reference, and to learn more about MPCH limitations, you may access a record of your MPCHs, as well as other student resources, through the ISAC Student Portal at studentportal.isac.org.

Eligibility for the need-based MAP Grant award may indicate that you are eligible for assistance with expenses such as food, housing, or child care for dependent children. If you have dependent care expenses, ask the financial aid office about the federal dependent care allowance. For eligibility and application information about the Supplemental Nutrition Assistance Program (SNAP) and the Child Care Assistance Program, contact the Illinois Department of Human Services at 800-843-6154 or www.dhs.state.il.us. Contact the Illinois Hunger Coalition Hunger Hotline at 800-359-2163 or www.ilhunger.org.
Upcoming Events

• ISAC Monthly Webinars for FAAs
  o ISAC Operational Update and Program News
    ▪ November 23 at 10 a.m.
    ▪ December 21 at 2 p.m.
  o Registration is not required
  o To participate, visit the Partner Training page in the e-Library on the day of the session to access the webinar link and presentation materials

• ILASFAA Virtual Fall Workshops
  o November 1 and November 22, 2022, 9 a.m. – 3:15 p.m.
  o Will include
    ▪ ISAC & IDVA updates
    ▪ Student Loan update
    ▪ MAP 101 session
    ▪ Diversity session
    ▪ Sector breakout groups
  o See ISAC’s Oct. 25 e-message for registration links:
Register for ILASFAA's Virtual Fall Workshops

10/25/2022

The ILASFAA Training & Professional Development Committee will offer two virtual Fall Workshops this year on Tuesday, November 1 and Tuesday, November 22 from 9 a.m. to 3:15 p.m. both days. There is no charge to participate in the virtual workshops; however, registration is required to obtain the participation link.

Select the date/registration link below to register:
- Tuesday, November 1 – Workshop Registration
- Tuesday, November 22 – Workshop Registration

Depending on your previous Webex use, you may be prompted to log in to a Webex account when clicking on the registration link, however, logging in is not required to register. To bypass the log-in screen, click on “join as a participant” to navigate to the Register option on the event information page.

Here is the workshop agenda, which will be the same for both dates:

<table>
<thead>
<tr>
<th>Time</th>
<th>Session</th>
