Golden Apple Scholars of Illinois (GA) Program

Application, Certification and Award Determination

Applications for the Golden Apple Scholars of Illinois Program are accepted and processed by the Golden Apple Foundation, and the program is administered in GAP Access in partnership with the Foundation and the participating colleges that Scholars are attending.

Once the Foundation has evaluated applicants and determined who may be eligible to receive benefits of the GA program, the Foundation provides applicant data to ISAC which is uploaded to GAP Access.

The Foundation then completes the certification process in GAP Access and identifies which applicants are currently meeting eligibility criteria for the program. Colleges do not need to complete the certification process for GA, as is done for the Minority Teachers of Illinois (MTI) Scholarship Program.

For applicants certified as not eligible by the Foundation in GAP Access, one of these indicators will be provided:

- Probation
- Exits
- Not Reporting.

As the Foundation completes the certification process, program awarding is automatically determined based on grade level, applicant category, etc., and the Foundation has the ability to override and adjust an award amount in GAP Access, as needed.

Any changes to certification data after awarding has taken place are made by the Foundation or ISAC.

After the certification and awarding process has been completed, payment functionality will be made available in GAP Access so that colleges can complete the payment request process for awarded students who are enrolled and continuing to meet eligibility requirements at their institution.

The total number of scholarships awarded each year is contingent upon the funds appropriated by the Illinois General Assembly, and the awarding process does not occur until after a final appropriation has been approved by the General Assembly and the Governor.

Payment Processing

Colleges submit payment requests using the GA system in ISAC's GAP Access portal throughout the course of the award year. Payment is made to colleges through an offset process. As part of this process, new payment requests are compared to outstanding amounts owed to ISAC, and payment is made accordingly

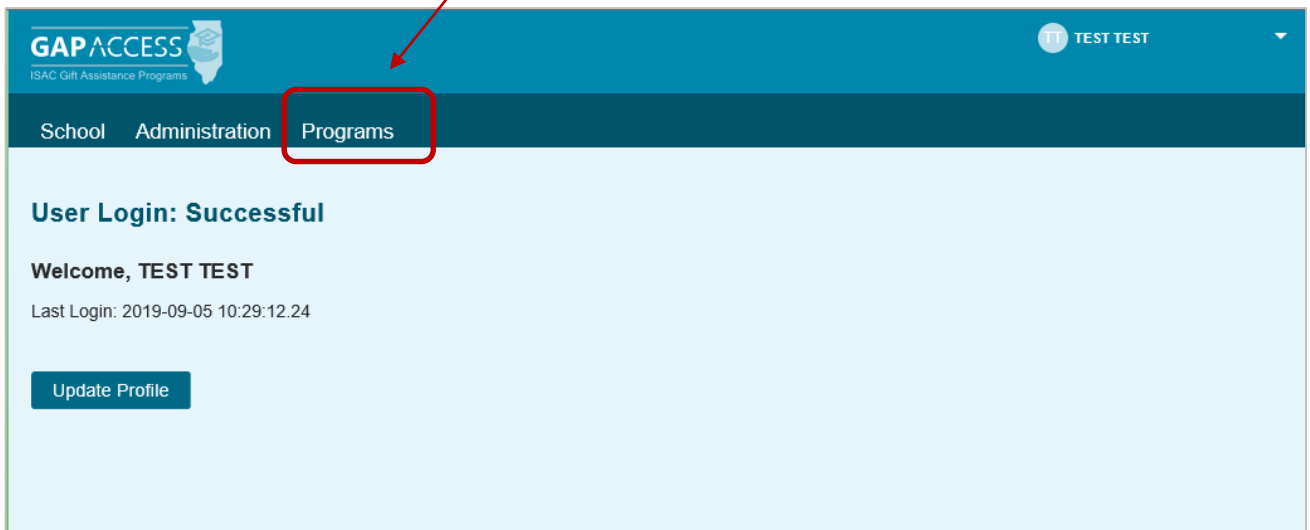

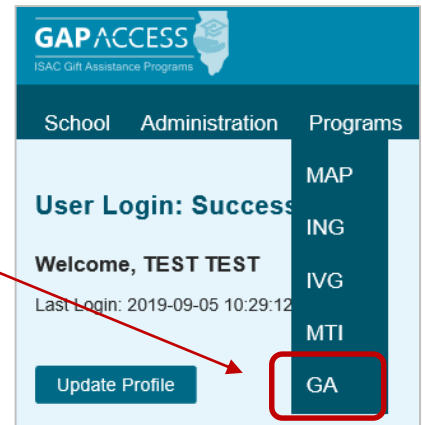

Access and Navigation

Beginning with the 2019-20 award year, the system to administer the Golden Apple Scholars of Illinois (GA) Program will be available through ISAC's Gift Assistance Programs (GAP) Access portal at <https://isacportal.isac.org>.

All users need a valid GAP Access ID and password to access the system.

ISAC relies on a designated Primary Administrator (usually, the Financial Aid Director) at each institution to authorize users and provide them with the appropriate level of access for each ISAC program.

Once a school user has successfully logged in to GAP Access, the GA information can be accessed by selecting the GA program from the Program list.

Please note that the GAP Access system will time out after prolonged inactivity.

GA Student List Eligibility: View

Once you have navigated to the GA Program in GAP Access, you can view the list of applicants provided by the Golden Apple Foundation who may be eligible to receive benefits of the GA program. The list will initially appear in alphabetical order, however, you may use the Filter, Sort and Columns functionality to customize your view as needed.

In addition to the applicant data, the Student List Eligibility: View screen includes the application date, applicant category, certified status, certification date, and award amount. An indicator is also provided if the applicant has been awarded the Minority Teachers of Illinois (MTI) Scholarship Program. (A student cannot receive benefits from both programs in the same academic year.)

Applicants with eligibility or conflict issues will be identified by icons in the List view, and more information can be obtained on the applicant's Student Detail screen by selecting the magnifying icon in the first column of the student record.

A yellow lightbulb  is an indicator of student eligibility issues, and a red triangle  is an indicator of a conflict issue.

These data elements indicate if an applicant is a Deferred Scholar or a Pathways Scholar.

- Deferred Scholar** is one who was not inducted as a Golden Apple Scholars of Illinois Program incoming freshman. The scholar, providing he/she maintains eligibility and is inducted, may receive the deferred freshman award amount, in addition to his/her sophomore award amount.
- Pathway Scholar** is one who enters the program as either a sophomore or junior in college. These scholars are entitled to either two or three years of benefit, accordingly.

GA Payment Processing

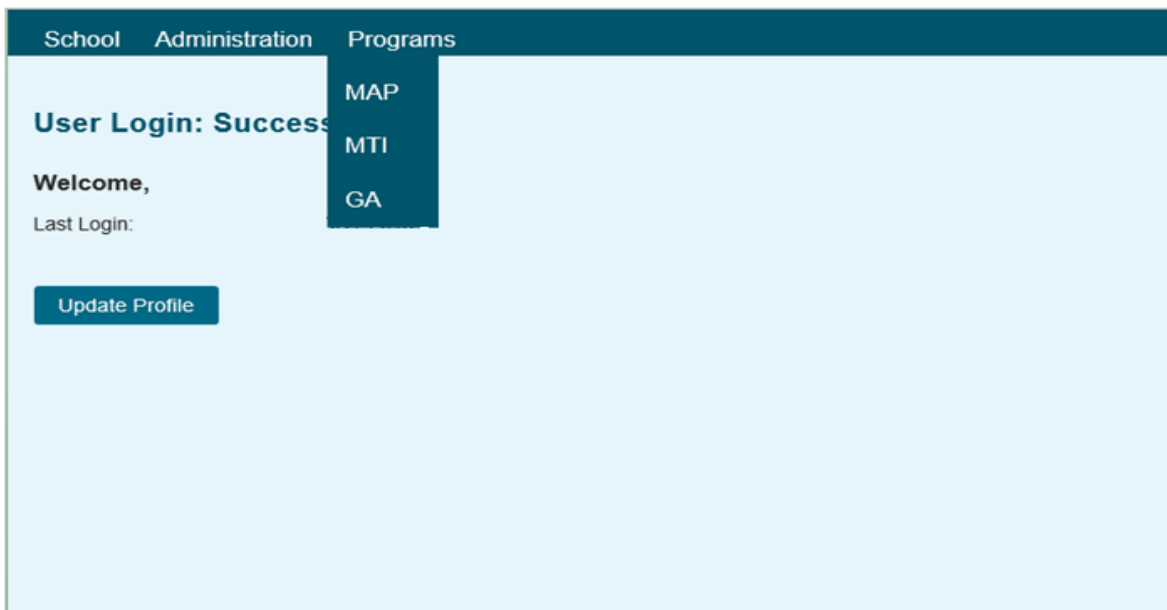

GA payment processing is done using the GA system available through ISAC's Gift Assistance Programs (GAP) Access portal.

GA payment processing can be accessed by selecting **GA** under the **Programs** tab near the top of the screen. Program functions are contingent upon each user program privileges. The administrator must access the User Maintenance area and update the program access and level for each user.

- “None” will grant you zero access to GA data.
- “Update” will grant you the ability to both edit and view GA data.
- “View” will grant you the ability to only view GA data (i.e., no editing ability)

After completing the payment request process in GAP Access, payment is made to colleges through an offset process. As part of this process, new payment requests are compared to outstanding amounts owed to ISAC, and payment is made accordingly. This system was developed to accommodate the many changes in student eligibility that can occur during the awarding and disbursement of financial aid (including decreases, increases to awards, initial requests, and full refunds). Therefore, funds should be returned to ISAC only after a final reconciliation has been completed at the end of the regular school year. All schools with an outstanding amount owed to ISAC at the end of the school year receive a notice indicating the total amount to be returned.

Information about the payment offset process and reconciliation is located on the Refunds and Unpaid Claims page in the Processes area of the FAA section at isac.org.

Student Payment List: View Screen

The **Student Payment List: View** screen gives the user the ability to easily select students to view payment-related items such as payment request amounts, payment result amounts, and payment result codes at a glance. It operates like the **Student List Eligibility: View** screen, allowing the user to select students who are attending their school and to filter and sort the list according to specific criteria.

The initial loading of this page will result in a default view with the following columns:

Student Detail: Payment Screen

When requesting payment from the **Student Detail** screen, there are three required fields:

- **Request**
- **Enrollment Status**
- **Requested Amount** (To adjust the system-calculated annual award amount if necessary)
 - The maximum award amount per regular school year is \$5,000.
 - Any adjustments to the academic level during an award year can potentially change the term award. Example: sophomore to junior level.
 - The Golden Apple Foundation certifies recipients eligibility one term at time. Only the term(s) that have been certified will be available for payment.
 - Because the Golden Apple Foundation completes certification for Golden Apple recipients, any adjustment to a student's academic level during the award year that would impact a student's award amount must be reported to the Golden Apple Foundation so that they can update the student's certification record. Once the certification record has been updated, the school will be able to submit a payment request for the updated award amount. **The contact person at the Foundation is Cheryl Flores at flores@goldenapple.org.**

Each of these fields must be completed with the appropriate information for payment requests to be processed properly. If the student is ineligible an *Ineligible Reason* must be selected and a zero (\$0) should be entered in the Requested Amount field.

Click on the **Save Changes** button to save the payment request, or the **Discard Changes** button to discard the payment request.

As a reminder, the payment request process is not complete until the next step of submitting the payment requests to ISAC has been completed using the **Submit Payment Requests** screen.

To navigate to another student, enter the student's SSN in the **Current SSN** field and click on the **Go** button.

Payment Request Entry

Batch Payment Request

When creating benefit requests for a large number of students, the best option is to do a batch request, which is done by selecting students from the **Student Payment List: View** screen.

The screenshot shows the 'GA Student Payment List: View' interface. At the top, there are tabs for 'School', 'Administration', and 'Programs'. Below these are navigation links: 'Home', 'Student', 'Payment', and 'Reports'. A sub-navigation bar includes 'List', 'Filter', 'Sort', 'Columns', 'Payment Request Entry', and 'Submit Payment Requests'. The 'Payment Request Entry' tab is active. A table lists student records with columns: '#', 'Sel', 'Req Sel', 'Term Number', 'SSN', 'Last Name', 'First Name', 'Annual Award Amount', 'Term Award Amount', 'School Code', 'Request Code', 'Enrollment Status', 'Ineligible Reason', 'Requested Amount', 'Amount Paid', 'Adjusted Amount', 'Result Code', and 'Ex Re'. The first three rows are visible, with the first row highlighted in green. A red box is drawn around the 'Req Sel' column, and a red arrow points to the first row. At the bottom, there are buttons: 'Save Selected', 'Req Select All', 'Req Unselect All', 'View Report', and 'Excel Report'.

The first step on the **Payment Request Entry** screen is to select the appropriate academic term using the drop-down box in the **Term** field (initially blank) for which you will be creating payment requests.

A list of your selected records will not display until you have selected a term.

Once a term has been selected, the list of students you selected on the Student Payment List View for that term will be provided, and you can then begin to enter payment information.

The screenshot shows the 'GA Payment Request Entry' interface. At the top, there are tabs for 'School', 'Administration', and 'Programs'. Below these are navigation links: 'Home', 'Student', 'Payment', and 'Reports'. A sub-navigation bar includes 'List', 'Filter', 'Sort', 'Columns', 'Payment Request Entry', and 'Submit Payment Requests'. The 'Payment Request Entry' tab is active. On the left, there is a 'Term' dropdown menu with '1-Fall' selected, highlighted by a red box. Below it is an 'Entries displayed' dropdown set to '20'. The main area contains a table with columns: '#', 'Current SSN', 'Last Name', 'First Name', 'Request Type', 'Enrollment Status', 'Ineligible Reason', 'Requested Amount', 'Term Award Amount', and 'Annual Award Amount'. The first three rows are visible, with the first row highlighted in green. At the bottom, there are buttons: 'Discard' and 'Save'.

To complete the payment request for each student, enter the required data into the appropriate fields:

- **Request** – Select the appropriate item from the drop-down menu options:
 - “Payment” to create a payment request
 - “Delete” to delete a request that has been created but not yet submitted
 - “Ineligible” to make a student ineligible
 - “Cancel” to cancel a previously requested award
- **Enrollment Status** – Enter full time or half time status
- **Ineligible Reason**- If the student is ineligible an *Ineligible Reason* must be selected and a zero (\$0) should be entered in the Requested Amount field.
 - Note: If an Ineligible request is submitted, all payment for the term will be canceled, unless it is for the reason “Not enrolled” or “Not enrolled at least half time” in Semester 1 or Quarter 1 or 2.

Click the **Save** button to save your data before navigating to a new page.

As a reminder, the payment request process is not complete until the next step of submitting the payment requests to ISAC has been completed using the **Submit Payment Requests** screen.

Payment Reports

After requesting a report, you will be returned to the **Reports** screen where a list of reports that have been or are being generated for your school will be provided.

While the report is processing, the status will indicate *In Queue*. The refresh button completes the report. When it is ready, the status will change to *Completed*. To open the report, click on either the Microsoft Word or the Microsoft Excel icon. Additional information about the report, including the date, file size and user name of the person who requested the report will also be listed.

Reports displaying the pdf icon  are ISAC-generated reports and identifiable by the user name *GA/invoice* in the last column of the report list. Typically, this report is made available on the next business day after your school's payment request has been processed and will remain available if space allows. It is suggested that you save requested and the Payment Results/Exceptions report to your systems for future reference.

Payment Results Summary/Invoice Detail

A Payment Results Summary and Invoice Detail Report is generated by ISAC after your school's payment request has been processed. It will include a Payment Results Report and a Payment Exceptions Report, as well as Invoice Detail about the payment claim. Typically, the report will be provided in the reports section on the next business day after the request has been processed by ISAC. This report is needed to match the voucher/invoice number and payment.

The Payment Results Summary and Invoice Detail will appear on the report list and can be identified by the pdf icon  in the first column and the user name of *GA/Invoice* in the last column.

The screenshot displays the 'GA Reports: Eligibility Reports' section. The 'Reports' tab is selected, showing a list of reports. The 'Entries displayed' are 10. The report for ISACMT87 04 is shown, detailing the payment results summary for the academic year 2018-2019. The report includes a table of payment results and a summary of the total amount due to the school.
