Congratulations!

On behalf of the Illinois Student Assistance Commission (ISAC) and the State of Illinois, I am pleased to announce that you have been named a 2023-24 State Scholar, one of "the best and the brightest" of Illinois high school seniors in the Class of 2023. The combination of your exemplary college assessment examination scores and record of high school achievement indicates you have a high potential for success in college. While the accolade does not have a monetary value, being designated a State Scholar is a prestigious honor on your academic resume.

ISAC issues a digital badge to each State Scholar. The badge can be displayed on your online profiles and social media accounts, and shared with your high school counselor, prospective colleges, employers, and others. Access your badge through the ISAC Student Portal at isac.org/studentportal/badge, and then follow the on-screen prompts. Complete instructions are available on our website at isac.org/SSPbadge.
