

TESP Enrollment Status Verification Quick Reference Guide

Steps to enter and submit TESP Enrollment Status Verification and the SETTW Tuition Waiver Conversion Form (TWCF) via My Zone.

1. Access TESP Enrollment Status Verification

- Select Teacher Education Scholarship Programs (TESP) Enrollment Status Verification from the My Zone Program Selection screen to access the Enrollment Status Verification View screen.
- Students in the IOESP program will display when the screen is first accessed. Select Program Type from the drop-down box to display the students in a different program (IOESP, MTI & SETTW). Only students for whom ISAC records indicate previously received TESP funds and may have been enrolled during the 2018-19 academic year with an “In School” status (“I”) (sorted in ascending Social Security Number (SSN) order) will display.
- Click on the <Go> button

2. Enter TESP Enrollment Status Verification

- If a student is no longer enrolled, select a different status from the drop-down box in the Enrollment Status field. The statuses that display for SETTW recipients are different than those for all other programs. See the Enrollment Status chart below.
- An Effective Date is required if the enrollment status is changed from an In-School status. Click on the calendar icon in the Effective Date field and select a date. Use the right and left arrows to decrease or increase the months. Click on the month banner (a faster way to access a different year) to display a box of months and years. Click the month and year to display the calendar for that month. Double click on a date to select the date of the status change.

3. Enter SETTW Tuition Waiver Conversion Form

- A TWCF must be completed for all SETTW recipients who are no longer enrolled in school and are not eligible to receive a tuition waiver. **A TWCF is not required if the enrollment status is in-school or cancelled.**
- Click on the pencil icon in the TWC Form field to the left of the student’s name.
- Enter the year, term, college name and tuition amount for each term (by academic year) that the tuition and mandatory fees were waived.
- The reason the recipient is no longer eligible for a waiver is the same reason reported as the enrollment status.
- If the enrollment status code is changed to Transferred, enter the school the student “transferred to” in the Transferred School Code box.

- If information was submitted on the previous year's TWCF for a student, the data is retained on the TWCF but cannot be edited online by the college. If prior year information needs to be changed, then the college needs to contact School Services.
- Press the <Save> button. If a TWCF is not completed, a message will display at the top of the screen. Make the necessary changes and press the <Save> button again. **Only one error at a time will display after each time the <Save> button is selected. All data entry will be lost if the <Save> button is not pressed prior to closing the TWCF screen.**
- Press the <Close> button to return to the TESP Enrollment Status Verification View screen. Pressing the <Back > button on the tool bar will return the user to the TESP Enrollment Status Verification View screen. All saved TWCFs will be submitted when enrollment status verification data is submitted to ISAC.
- Completing a TWCF for in-school students is optional. Be sure to <Save> all entry then <Close> the screen.

4. Submit Enrollment Status Verification and SETTW TWCF data to ISAC

- Select the <Reset> button to clear all the entry and begin again.
- Select the <Save> button if the enrollment status verification and SETTW TWCF data only partially completed. The <Save> button allows the user to return to enter data later. A message will display next to the screen title indicating that the "Data Successfully Saved".
- Select the <Submit> button to save and transmit enrollment status verification and SETTW TWCF data. A message will display prompting the user to verify the choice to review or submit data.
 - If "Review" is selected, the user will return to the Enrollment Status Verification View screen.
 - If "OK" is selected, an error message will display at the top of the screen identifying the student and the missing information.
 - Add the missing information and press <Submit> again. If there are multiple errors, the next student with an error will display in that the top of the screen. A message will display if a TWCF is not completed for SETTW recipients who are no longer in-school or cancelled.
- The date that data is submitted to ISAC will display next to the screen title.
- Online revisions can be made to enrollment status verification and SETTW TWCF data only before it is submitted. Contact ISAC for any changes that need to be made after a request has been submitted.

Select another program type from the Program Type drop-down box to display a different program. The message "No Data Available" will display if there are no enrollment statuses to verify for a program.

TESP Enrollment Status Verification Screen Fields

Field	Field Type	Definition	Rule
Program Type	Updateable	The program name that applies to the students listed.	IOESP is the first program to display on Enrollment Status Verification View: screen. Select the program from the drop-down menu.
