ISAC
Illinois Student Assistance Commission
Introduction

The Illinois Student Assistance Commission (ISAC) annually publishes the Handbook of Illinois Postsecondary Institutions for high school, college, and community agency counselors and their college-bound students and families. The Handbook contains up-to-date admission and financial aid information for institutions approved for participation in ISAC’s scholarship and grant programs, as well as other federal and institutional programs.

The Handbook is designed to provide general admission and financial aid information about Illinois postsecondary institutions. The actual cost of attendance may differ significantly based on a student’s course of study, enrollment status and various other factors. The information is subject to change by the institution at any time. The costs listed here – which are for the 2019-20 academic year – are intended to provide families with a range that can be used to help make enrollment decisions. Please check with the institution in question for student-specific costs.

Organization of the Handbook

General Information  Brief descriptions of major government-sponsored financial aid programs
Chapter I  Four-Year Colleges and Universities
Chapter II  Two-Year Colleges
Chapter III  Schools of Nursing
Chapter IV  Professional Schools/Allied Health Programs
Chapter V  Proprietary Schools (In general, proprietary schools are eligible for participation only in federal loan programs; however, certain proprietary schools are eligible to participate in specific ISAC grant programs.)
